Report

Major Ashiq Hussain, son of Nawab Riaz Hussain, Qureshi, 2. Makhdum Sir Murid Hussain, son of Khan Bahadur Makhdum Hassan Bakhsh, Kureishi, 3. Sheikh Khurshid Ahmad, son of Sheikh Ahmad Kabir, Kureishi, 4. Sayyed Haji Muhammad Raza Shah, son of Khan Bahadur Makhdum Sayyed Saddar-ud-Din Shah, Jilani, and Malik Muhammad Akram, son of Khan Bahadur Malik Muhammad Amir Khan Bosan, filed their nomination papers to contest the Multan (Muhammadan) Constituency seat of the Punjab Legislative Assembly in the Legislative Assembly Elections of 1946. Sayyed Muhammad Raza Shah withdrew his candidature after having been duly nominated on the 19th of December 1945, while the remaining four candidates contested the election. The total number of votes polled at the election was 14,384, out of which Major Ashiq Hussain secured 7,415, Muhammad Akram 6,750, Khurshid Ahmad 13 and and Sir Murid Hussain 11. Major Ashiq Hussain was declared successful and Muhammad Akram, challenging the election of Major Ashiq Hussain, filed a petition to His Excellency the Governor of Punjab. It was in the first instance assigned to the 1st Election Petitions Commission, presided over by Mr. S. M. Burke, for disposal. The petition was subsequently transferred to the Second Election Petitions Commission, presided over by Mr. Rahim Bakhsh, and on the termination of the Second Election Petitions Commission on the 14th of August 1947, and on the constitution of the present Commission, the case was assigned to this Commission for trial by notification No. 1601-Election, dated the 23rd of December 1947. Parties were summoned by the order of the President, dated 5th January 1948 for 22nd January 1948, when the Senior Subordinate Judge, Multan, having intimated the Commission by Telegram that Major Ashiq Hussain had died and other parties had not been served, a notice about the death of Major Ashiq Hussain was directed to be published in the Local Official Gazette under Rule 24, Chapter III, Part E of the West Punjab Legislative Assembly Electoral Manual, 1936, and fresh notices were directed to be issued to the remaining parties for the 23rd of February, 1948. The petitioner appeared on 23rd of February 1948 while none of the surviving respondents cared to put in an appearance. No application for substitution in place of Major Ashiq Hussain, deceased, was made before the Commission and after the petitioner had obtained two adjournments to make up his mind as to whether he wanted to proceed with the petition against the deceased respondent, Major Ashiq Hussain, he eventually expressed his wish to proceed with the petition on the 17th of March 1948, and the case was then proceeded against the deceased respondent and other respondents *ex-parte*.

The election of Major Ashiq Hussain was, *inter alia*, impeached on the following grounds :—

(1) That Respondents Nos. 2 & 3, namely, Makhdum Sir Murid Hussain and Sheikh Khurshid Ahmad were dummy candidates being closely related and on friendly terms with Major Ashiq Hussain ;

(2) That the respondent had secured his success by exercising his own undue influence and that of highly placed and responsible officers posted in the Multan district at and before the election and had mis-used his influence and authority as a Minister of the Punjab Government ;

(3) That Mr. Asmat Ullah Khan and Ch. Sunder Singh Presiding Officers, for the Constituency, had deliberately refused to comply with the provisions of Election Rules relating to the making of ballot papers of illiterate voters which flagrant abuse of authority had materially effected the result of election ;

(4) That the Presiding Officers had deliberately marked many ballot papers of illiterate voters in favour of Major Ashiq Hussain, notwithstanding the fact, that they had declared their votes for the petitioner ;

(5) That the two Revenue Officers of Multan, Mr. Asmat Ullah Khan and Ch. Sunder Singh, as also Shah Wali Khan, Tehsildar, S. Harnam Singh, Naib-Tehsildar, and S. Kapur Singh, Naib-Tehsildar (Colony), had been openly canvassing for Major Ashiq Hussain while touring their respective territories for full two months, namely, December 1945 and January 1946 ;

(6) that in addition to the exercise of undue influence by Major Ashiq Hussain, he had also been guilty of bribery as defined in the Election Rules, inasmuch as he had secured thousand of permits for cloth and had distributed them amongst the electors to procure their votes for himself ;

(7) that the Presiding Officers had deliberately spoiled as many as 186 ballot papers of the petitioner ;

(8) that official influence of the Zaildars and other respectable people in the Constituency had been exercised to secure votes for Major Ashiq Hussain by exercise of all kinds of threats and inducements offered to the electors ;

(9) that all the corrupt practices and illegalities had been committed, at the instance of and to the full knowledge of respondent, Major Ashiq Hussain ;

(10) that the ballot papers had not been properly counted by the Returning Officer and some of them had been illegally declared as invalid ;

(11) that the secrecy of the ballot had not been duly observed as required by Election Rules, particularly at Suraj Miani and generally at all other Polling Stations ;

(12) that electors and other influential people who declined to help Major Ashiq Hussain were threatened with evil consequences and were actually punished ; and

(13) that but for the corrupt practices and illegalities resorted to by Nawab Major Ashiq Hussain or at his instance, the petitioner would have obtained a large majority of valid votes.

The petitioner accordingly prayed that the election of Major Ashiq Hussain may be declared void and ineffective as having been secured through illegalities and corrupt practices and that he may be declared himself as successful and costs awarded against Major Ashiq Hussain.

Details of the alleged corrupt practices and illegalities committed by the respondent, or at his instance, were given in the list of particulars attached to the petition, which need not be reproduced *in extenso* except to mention the names of village officers and others who had supported the respondent Major Ashiq Hussain, either for personal gain or to please him by terrorising and cœrcing the electors to vote for Major Ashiq Hussain—

(*i*) Malik Murad Bakhsh, Sandila, Sufedposh of Binda Sandhila ;

(*ii*) Malik Noor Muhammad, Bucha, Sufedposh of Nawabpur Zail ;

(*iii*) Malik Ghulam Sarwar, Zaildar of Jhok Wains ;

(*iv*) Noor Muhammad, Ran, Sufedposh, Akramabad Zail ;

(*v*) Sardar Amir Singh, Jagirdar of Kothiwala ;

(*vi*) Mahmood Nawaz, Zaildar of Kot Rabnawaz Zail ;

(*vii*) Ahmad Yar Bappi, Zaildar of Panjkoha Zail ;

(*viii*) Mulla Muhammad Mansur, Zaildar of Kabirpur ;

(*ix*) Malik Karim Bakhsh, Zaildar of Qutabpur ;

(*x*) Nasir Din, Zaildar of Mohdpur Ghota Zail ;

(*xi*) Muhammad Akbar Shah, Zaildar of Shershah Zail ;

(*xii*) Malik Faiz Bakhsh, President of Debt Conciliation Board, Multan ;

(*xiii*) Malik Umar Ali, Honorary Magistrate, Multan, and

(*xiv*) Malik Ahmad Bakhsh and Malik Khuda Bakhsh, Dehars of Durana Lingana, Members of District Board, Multan.

To these names may also be added the name of Khan Asmat Ullah Khan who was particularly mentioned in paragraph 7 of the list of particulars attached to the petition as a relative and fast friend of Major Ashiq Hussain and who is alleged to have debased himself by using his official position to secure votes, by means fair or foul, for respondent Major Ashiq Hussain.

The petition was stoutly contested by Major Ashiq Hussain during his life time and he traversed all the allegations levelled against him in the petition. He also put in a recriminatory statement alleging the commission of corrupt practices by the petitioner himself which should result in his disqualification as an elector as required by law.

The following issues were accordingly framed by the Second Election Petitions Commission, presided over by Mr. Rahim Bakhsh, on 19th October 1946 :—

(1) Whether the respondent No. 1, committed the corrupt practice of undue influence as alleged in paragraph 8, clause (*a*) of the petition and the relevant paragraphs of the list of particulars (paragraphs 1, 2, 4, 5, 6, 8 and 10).

(2) Whether the Presiding Officers, committed the irregularities in the election between the parties as alleged in paragraph 8, clauses (*c*), (*d*) and (*k*) of the petition, if so what is their effect on the election ?

(3) Whether the Presiding Officers concerned deliberately spoiled 186 ballot papers of the petitioner ?

(4) (*a*) Whether the petitioner can claim recounting of the votes,

(*b*) Whether some ballot papers were illegally declared invalid by the Returning Officer ?

(5) Whether the petitioner is entitled to be declared to be duly elected member of the Punjab Legislative Assembly ?

(6) Whether the petitioner committed the corrupt practice of undue influence as mentioned in paragraphs 6 and 7 of the recriminatory statement and the list of particulars as supplied by the respondent ?

It may, however, be observed that clause (*b*) of paragraph 8, and paragraph 7 of the list of particulars were scored out from the body of issue No. 1 by order of the Commission dated 25th November 1946. As already observed above Major Ashiq Hussain having died during the pendency of the petition and nobody having applied for substitution in place of the deceased respondent, there has been no contest in the petition and *ex-parte* evidence, on the side of the petitioner, has been recorded by us. As many as 408 witnesses, including the petitioner himself, have been examined by the petitioner and we have also examined one Malik Ahmad Bakhsh, Dehar, of mauza Durana Lingana as a court witness at the request of the petitioner's counsel after the conclusion of the arguments in the case.

A mass of evidence has been produced on issues Nos. and 2 which are the crucial points in the case. The learned counsel has, during the course of the arguments, confined himself to the allegations contained in paragraph 8 clause (*a*) of the petition read with paragraphs 1, 2, 6 and 10 of the list of particulars. In regard to the gentlemen named in paragraph 10 of the particulars, the learned counsel for the petitioner has conceded that evidence has been led about the exercise of undue influence by Noor Muhammad, Ran Sufedposh, Akramabad Zail No. 4, Sardar Amir Singh Jagirdar of Kothiwala No. 5, Ahmad Yar Bappi, Zaildar of Panjkoha Zail No. 7, and Malik Ahmad Bakhsh and Malik Khuda Bakhsh of mauza Durana Lingana No. 14 only. The evidence read as a whole clearly indicates that the village officials and potentially influential gentlemen of the Ilaqa exercised considerable undue influence upon their tenants and dependents by threatening them with being turned out of their homes and hearths to secure votes for respondent, Major Ashiq Hussain, who was not only a Minister of the Punjab Government then, but was exercising mighty influence over the electors through official agency.

Witnesses who have given evidence about the exercise of undue influence by Noor Muhammad Ran are P.Ws. 388, 389, 391 and 408. Witnesses whose testimony bears on the exercise of undue influence by Sardar Amir Singh are P.Ws. 35 and 36. Witnesses who have deposed about the exercise of undue influence by Ahmad Yar Bappi of Panjkoha are P.Ws. 219, 222, 367 to 379, 392 to 397 and 39[illegible] to 407. Witnesses who have sworn about the exercise of undue influence on them by the two brothers, Malik Ahmad Bakhsh and Khuda Bakhsh, Dehars of Durana Lingana, who are big landlords and very influential people of the Ilaqa, are P.Ws. 258 to 279, 316 to 366 and 390. These witnesses, whose total runs into 112, have made sworn statements before us about the intimidation and threats to which they were subjected by powerful men of the Ilaqa to secure their votes for respondent, Major Ashiq Hussain, and we can see no reason to discredit their testimony even though it has unfortunately remained unchallenged for want of cross-examination by the opposite party. It is inconceivable that such a large number of witnesses would easily come forward to perjure themselves for the sake of petitioner and run the risk of prosecution if the perjury is detected. We must, therefore, accept this testimony as truthful. Evidence of Malik Ahmad Bakhsh, who was examined as a Court witness on 21st December 1948, would show that he and his brother, Khuda Bakhsh, persuaded their tenants to vote for Major Ashiq Hussain becuase of their relationship with Malik Faiz Bakhsh, mentioned at No. 12 in paragraph 10 of the list of particulars, who had been appointed as a Member of the Debt Conciliation Board, a week or so prior to the actual polling as a result of the efforts of Major Ashiq Hussain who was then a Minister in the Punjab Government. Although this witness has not in so many words confessed that he and his brother had exercised undue influence over their tenants, yet reading between the lines, we can safely draw the conclusion that these two brothers had exercised undue influence over a large number of their tenants to secure votes for Major Ashiq Hussain because he had done a good turn to them by having Malik Faiz Bakhsh, a husband of their niece, appointed as a Member of the Debt Conciliation Board. Ahmad Bakhsh's evidence would further show that Malik Umar Ali, Khokhar, mentioned at No. 13 of paragraph 10 of the list of particulars, who had also approached Ahmad Bakhsh and his brother to enlist the aid of these two influential people for Major Ashiq Hussain had been rewarded for these services by being appointed as an Honorary Magistrate as a result of Nawab Ashiq Hussain's good offices shortly after the polling. In these circumstances we can find no justification for discrediting the testimony of a large number of witnesses numbering 112 when they have made clear and unambiguous sworn statements in support of the allegation of exercise of undue influence by the five gentlemen mentioned at Nos. 4, 5, [illegible] and 14 of paragraph 10 of the list of particulars.

The learned counsel for the petitioner has argued that any person who engages himself in canvassing for a candidate must be treated as his agent within the ambit of Election Law. He has cited Jagat Narain, Volume II, page 17[illegible] Behari Lal *vs*. Thakar Moti Singh, in support of this contention. He has accordingly argued that the gentlemen mentioned at Nos. 4, 5, 7 and 14 of paragraph 10 of the list o[illegible]

particulars must be treated as agents of respondent, having exercised undue influence on the voters who were their tenants and dependents to secure their votes for the respondent. As it is transparently clear from the evidence on the record that these four gentlemen had exercised undue influence over their tenants and dependents in a large measure and recklessly, they can very reasonably be treated as having acted as agents of the respondent to secure votes for him by the exercise of the corrupt practice of undue influence. The connection of Malik Faiz Bakhsh with Ahmad Bakhsh and Khuda Bakhsh has not only been admitted by Malik Ahmad Bakhsh himself before us, but is also borne out by the evidence of Sultan (P.W. 258) and the petitioner (P.W. 408). The fact that Malik Faiz Bakhsh was appointed as a Member of the Debt Conciliation Board, shortly before the actual polling in this Constituency, is clearly established,—*vide* Notification No. 353-E., dated the 21st of January 1946, published in the *Punjab Government Gazette* for 25th January 1946. The evidence of Ahmad Bakhsh about the appointment of Malik Umar Ali Khokhar as an Honorary Magistrate is corroborated by Notification No. 1408/J-46 4845, dated the 8th of March 1946, published in the *Punjab Goevernment Gazette* for 15th of March 1946. The allegations contained in paragraphs 2 and 10 of the list of particulars have been clearly established and we have no hesitation in accepting the veracity of the evidence led in support of these allegations.

As regards the allegations contained in paragraph 1 of the list of particulars, the evidence of Ghulam Raza Shah (P. W. 4), read with the documents on the file produced by Ch. Abdul Hameed, Superintendent of the Director of Panchayats (P. W. 281), would clearly show that while Ghulam Raza Shah was first appointed as Divisional Panchayat Officer in November 1945, this order was later on changed and Malik Zawar Hussain, son of Malik Umar Ali, Khokhar, mentioned at No. 13 of paragraph 10 of the list of particulars, was appointed in his place in December, 1945, by order of Major Ashiq Hussain, who was Minister in charge of the Panchayat Department in those days. This evidence clearly indicates that Malik Umar Ali, Khokhar, who was an influential men in the Ilaqa, was won over by Major Ashiq Hussain by the arward of a responsible post to his son Malik Zawar Hussain to enlist his support in his own election. This manoeuvring was done at a time when the electioneering campaign was at its full swing; and this incidence has its own tale to tell and is a strong corroborative piece of evidence of corrupt practices to which respondent, Major Ashiq Hussain, did not feel shy to resort to by abusing his powers as a responsible Minister of the Punjab Government. The allegation contained in paragraph 1 of the list of particulars has, therefore, been clearly established against the deceased respondent.

The allegation contained in paragraph 2 of the list of particulars has also been established,—*vide* the evidence of Ahmad Bakhsh read with the Gazette Notification mentioned above. The appointment of Malik Umar Ali as an Honorary Magistrate and that of Faiz Bakhsh as a Member of the Debt Conciliation Board have also been established by the evidence already commented upon above.

As regards the allegation contained in paragraph 6 of the list of particulars, the petitioner has examined as many as 109 witnesses to prove that Major Ashiq Hussain, as a Minister of the Punjab Government, got hold of thousands of permits for the issue of cloth from the Tehsildars and distributed these permits amongst the electors from village to village throughout the month of January and thereby secure the votes of the electors who would otherwise have voted for the petitioner. These witnesses have told their tale of misery for want of cloth, which was needed for their wearing apparel and have frankly confessed that they promised to vote for respondent, Major Ashiq Hussain, because he gave them relief by issuing cloth permits which they could not otherwise obtain. This evidence clearly shows that Major Ashiq Hussain abused his powers as a Minister of the Punjab Government by obtaining blank permits for cloth from the Government officials and distributed the same amongst the electors to buy off their votes although they had the intention of voting for the petitioner if left to themselves. The evidence of P. Ws. 26-34, 37-53, 89-96 and 98-172 bears on the question of the distribution of cloth permits by respondent amongst the electors to secure their votes by unfair means. This was clearly a corrupt practice amounting to bribery on the part of the respondent who had misused his power and position as a Minister of the Government in securing blank cloth permits from the Government officials and distributing the same amongst the electors to buy off their votes. We have no hesitation in holding it as such.

As regards the mis-conduct of Mr. Asmat Ullah Khan and Ch. Sunder Singh, the two Presiding Officers of this Constituency, as many as 147 witnesses have been examined to show that while they, as illiterate voters, asked the Presiding Officers to mark their ballot papers in favour of the petitioner in the presence of a polling agent of the petitioner, their request was turned down and ballot papers were taken over from them and were not marked in their presence. A close and minute scrutiny of the ballot papers by us has disclosed that as many as 87 ballot papers of the witnesses produced by the petitioner had been marked in favour of the respondent, Major Ashiq Hussain, while these witnesses have sworn that they had clearly told the Presiding Officers that they wanted to vote for the petitioner.

As regards issue No. 2, which embodies the proposition about the commission of irregularities and illegalities by the Presiding Officers, as alleged in paragraph 8 clauses (c) and (d), as many as 147 witnesses have been examined by the petitioner. It may be mentioned that allegation contained in clause (a) has been given up by the counsel for the petitioner. This evidence which consists of six Government servants, namely, Sher Shah, Patwari (P. W. 1), Muhammad Ibrahim, Patwari (P. W. 2), Ghulam Muhammad Shah, Patwari (P. W. 3), Abdul Aziz, Patwari (P. W. 24), Shamas-ul-Islam, Patwari (P. W. 25), and Aqil Muhammad, Naib-Tehsildar (P. W. 299), and of the polling agents of the petitioner, namely, Muhammad Hussain (P. W. 283), Polling agent at Qasba, P. W. 286, Haq Nawaz, Polling Agent at Bhilwala, P. W. 292, K. B. Makhdum Sher Shah Sahib Gilani, P.C.S. (Retd.), Polling Agent at Lutaf Abad and P. W. 307 Sayyed Ghulam Nabi Shah, Polling Agent at Makhdum Rashid and Suraj Miani and of other respectable persons like P. W. 7 Ghulam Sarwar, Zaildar, Jalalabad, P. W. 11, Ali Muhammad, Lambardar, of Dagrana, P. W. 290, Ch. Hadayat Ullah, Sufedposh, of Kot Rab Nawaz Khan and P. W. 291 Sayyed Mustafa Shah Sahib Jilani, P.C.S., (Retired) and Sajjada Nashin, Darbar Pir Sahib, Multan, and P. W. 293 Rahim Yar Khan, Lambardar, Mauza Raj Garh, establishes beyond any shadow of doubt that illiterate voters demanded at the time of casting their ballot that an agent of the petitioner should be present to see the marking of their ballot papers by the Presiding Officer, but that the Presiding Officer turned down their request, took over the ballot paper from each elector and turned him out of the booth marking the ballot paper in his absence as he liked. Bulk of this evidence implicates Khan Asmat Ullah Khan, the then Revenue Assistant of Multan, who was Presiding Officer at Taragarh, Suraj Miani, Lutaf Abad, Multan tehsil, Panjkoh and Muzaffarabad according to his own testimony when examined as P. W. 298. Even Mr. Asmat Ullah Khan has admitted that at Taragarh some voters did make written applications for their ballot papers being marked in the presence of the polling agent of the petitioner but has ingeniously stated that he had allowed it. We cannot accept this statement of Mr. Asmat Ullah Khan in full without some reservation. If Mr. Asmat Ullah Khan had allowed the ballot papers of illiterate voters being marked in the presence of a polling agent of the petitioner, necessity for making such written applications would not have arisen. This clearly shows that some oral requests were made before written applications were put in and that those oral requests were turned down. It is wholly inconceivable that highly respectable and responsible people like Makhdum Sher Shah, P.C.S. (Retired), Ghulam Nabi Shah and Sayyed Ghulam Mustafa Shah, Sajjada Nashin of Darbar Pir Sahib, should have come forward to perjure themselves to malign the conduct of Khan Asmat Ullah Khan. The application marked. Exh. P. W. 298 A and the order of Mr. Asmat Ullah Khan, Exh. P. W. 298 B would clearly indicate that at Suraj Miani polling station a similar protest was made by the petitioner that his agents were not allowed to see the marking of the ballot papers of illiterate voters; and it was further remarked that voters for the petitioner were being subjected to oppressive treatment and that he was, therefore, compelled to close the polling on his side. Mr. Asmat Ullah Khan has repudiated the allegation that he used to turn out the voters and marked the ballot papers in their absence;

but his bare statement, which has been obviously made in his own interest, cannot be tacitly accepted particularly when voluminous evidence has been led by the petitioner to indicate that this officer did not allow the polling agent of the petitioner to see the marking of the ballot papers of the illiterate voters and that the voters were turned out and ballot papers marked in their absence.

The evidence of the petitioner consists of certain persons of unimpeachable integrity like Makhdoom Sher Shah and Sayyed Ghulam Mustafa Shah Jilani and we can see no reason to reject this evidence. We accordingly hold that the allegations contained in paragraph 8, clauses (c) and (d) of the petition have been clearly established. It is, therefore, obvious that the provisions of paragraph 17 of Chapter VI of Part C of the Punjab Legislative Assembly Electoral Manual 1936 (P. 43) were not complied with. This irregularity has materially affected the election and the election must, therefore, be declared as void under clause (c) of paragraph 7 of Part III, of the Punjab Legislative Assembly Electoral Manual, 1936 (P. 52). For the reasons stated above, we find issues Nos. 1 and 2 in favour of the petitioner and declare the election of Major Ashiq Hussain as void.

Issues Nos. 3 and 4 were not pressed and are, therefore, determined against the petitioner. Issue No. 6 the onus of which was on the respondent has become redundant on account of the death of the respondent.

As regards issue No. 5, the learned counsel for the petitioner has urged that as the petitioner has proved that but for the exercise of undue influence and resort to corrupt practices by respondent No. 1 or his agents, he would have secured 358 votes more than what he actually polled, he should be declared as a successful candidate. The difference of votes polled by the petitioner and the respondent works to 646, but as out of the total number of witnesses examined regarding the marking of the ballot papers of illiterate voters, the votes of only 87 have been traced to have been marked in favour of the respondent, Major Ashiq Hussain, it is difficult to assume that if corrupt practices had not been resorted, to, the petitioner would have come out successful. In view of the fact that there were two other candidates, namely, Sir Murid Hussain and Sheikh Khurshid Ahmad, who contested the election, it is impossible to say with any degree of certainty that if respondent, Major Ashiq Hussain, had been out of the contest, the petitioner, and not any of the other two candidates, would have secured the majority of votes. It is possible that these two gentlemen set themselves up as candidates for the election merely to support the cause of Major Ashiq Hussain ; but it is not beyond the scope of possibility that if Major Ashiq Hussain had been out of the show, one of these two gentlemen, who are apparently influential men in the Multan district, would have secured more votes than the petitioner. Placing reliance on the observation at P. 191 Jagat Narain Indian Election Petitions, Volume III, in case Rao Bahadur Ganesh Krishna Chitale *Vs.* Nandevarao Eknath Navle, as also in view of the observations made at P. 190 of the said volume, in case Maulvi Raihan-ud-Din Ahmed, *Vs.* Maulvi Abdul Latif Biswas and also in view of the observations made at P. 5[illegible] of the same volume in case Suraj Narain, *Vs.* Durga Narain we feel reluctantly compelled to decline the declaratio[n] prayed for by the petitioner. We are clearly of the vie[w] that the electors should be given an opportunity of makin[g] a fresh choice of their representative in the Legislative As[s]embly. For the reasons stated above, we hold the electio[n] of Major Ashiq Hussain null and void as a result of the com[-]mission of corrupt practices and accordingly advise Hi[s] Excellency the Governor to declare the election void an[d] to take steps to have a fresh election held for the constituenc[y] in question. As Mr. Asmat Ullah Khan's name had bee[n] persistently mentioned in connection with the commissio[n] of the irregularity of marking the ballot papers of illitera[te] voters, who had appeared to vote for the petitioner, in the[ir] absence, and as his name had been consistently mentione[d] as a staunch supporter of respondent, we called upon hi[m] at the close of his examination as a witness to offer an ex[-]planation, if he wanted to do so, in exoneration of his conduc[t]. Mr. Asmat Ullah Khan has repudiated the allegations abo[ut] his having turned out Makhdum Sher Shah as a pollin[g] agent of the petitioner and about his having declined t[o] allow a polling agent of the petitioner to see the markin[g] of the ballot papers of his illiterate voters and also abo[ut] his having turned out voters and having marked their ball[ot] papers in their absence ; but having regard to the voluminou[s] and unimpeachable evidence of the petitioner, we feel con[-]strained to treat the explanation of Mr. Asmat Ullah Kha[n] as wholly unsatisfactory and lacking in veracity. W[e,] therefore, feel compelled to mention his name in our repor[t] as an officer who had abused his official position by openl[y] helping a candidate at the election and to have had recours[e] to the reprehensible practice of marking ballot papers o[f] illiterate voters, who had intended to vote for the petitione[r] in favour of respondent, Major Ashiq Hussain. We leave to His Excellency the Governor to take such action as he ma[y] deem fit against this responsible officer of the Government.

As respondent Major Ashiq Hussain is dead, we do no[t] consider it equitable to award costs against his Estate becaus[e] if such an order is made it would adversely affect his hei[rs] who were no party to the corrupt practices committed b[y] him for his personal benefit and who could not, therefor[e] be justly saddled with the costs of the petitioner. Pe[ti]tioner will, therefore, bear his own costs.

IN THE PRESENCE OF THE PRESIDENT AND TWO MEMBERS OF THE ELECTION PETITIONS COMMISSION, WEST PUNJAB, LAHORE.

AMIR ABDULLAH KHAN

versus

MUHAMMAD ABDULLAH KHAN.

REPORT

By this petition Amir Abdullah Khan, son of Muhammad Hayat Khan, Pathan of Rokri, disitirict Mianwali (hereinafter referred to as petitioner) has challenged the validity of the election held in February 1946, of Muhammad Abdullah Khan, son of Dost Muhammad Khan, Pathan of Piplan, tehsil and district Mianwali (hereinafter referred to as respondent) from constituency known as Mianwali South (Muhammadan) to the Punjab Legislative Assembly. The petitioner had impleaded in this petition two more respondents, namely, K. B. Captain Malik Muzaffar Khan of Wan Bhachran and Muhammad Afzal Khan of village Hammonwala, but these

latter two appear to have withdrawn from candidature at an early stage and their names do not appear on the ballot papers and consequently no reference will be made to them as far as the merits of this petition are concerned.

The result of this election was gazetted in the *Punjab Government Gazette*, dated the 23rd of February 1946, the respondent Muhammad Abdullah Khan obtaining 10,049 votes while the petitioner obtained 9,772 votes. It is common ground that the petitioner contested the election on Muslim League Ticket and the respondent on the Unionist Ticket.

The petitioner has alleged in his petition *inter alia* that the return of the respondent is bad in law and void on various grounds—

1. That personation by respondent and his agents and other persons, with the connivance of respondent and his agents, procured and abetted and attempted to procure false votes and had them cast in favour of respondent. The respondent's party had procured application by a very large number of persons for voting papers in the names of other persons, living, dead as well as imprisoned and in fictitious names and by persons for voting papers in their own names notwithstanding the fact that they had already voted in the same or some other constituency and were not entitled to vote in this constituency. The list of the full particulars of this corrupt practice of personation is given in list No. 1.

2. That there has been direct as well as indirect interference and attempt to interfere on the part of the respondent, his agents and other persons including officers in the district with the connivance of the respondent and his agents, with the free exercise of electoral right by a very large number of voters in the constituency. The voters were, under their undue influence, coercion and intimidation, and seduced from voting in favour of the petitioner. The full details will be found in list No. II attached to the petition.

3. That on 9th February 1946, at polling station Jandanwala, Khan Atta Muhammad Khan, Zaildar, a near relative of respondent, while acting as polling agent of the petitioner, removed during the polling hours a voting paper (No. 22823) at the instigation of respondent No. 1 from the polling station.

4. That respondent No. 1 and his agents bribed the electors and thereby secured their votes.

5. Grants in the form of grants of lands to respondents No. 2 and 3 through the instrumentality of the leader of the party (Unionist) was promised and eventually offered and it is on these accounts that these two candidates (i. e., Respondents 2 and 3) actually were induced to withdraw themselves from the election. Similarly Khan Atta Muhammad Khan, Zaildar of Jandanwala, and Sayyed Ghulam Haider Shah of Bet Bogha were made Honorary Magistrates and Abdul Karim of Bhakkar, Fateh Sher, Janjooha of Shadial, were granted squares of land by way of gratification for their not only casting their votes in favour of respondent but also for the exercise of their undue influence by coercing and inducing and attempting to coerce and to induce voters of their Ilaqas and thereby making them vote for respondent and not to vote for the petitioner.

6. That the Return of Receipts and Expenses alleged by the respondent is false in material particulars. The expenses incurred by the respondent and his agents were unauthorised and in contravention of the rules prescribed. Declaration of the Return of Expenses were not according to law, being incorrect and untrue and the respondent has not given all the expenses incurred by him. Full details of these particulars will be found in list No. III.

7. That there were material irregularities and illegalities during the polling period inasmuch as mandatory directions of law relating to the reading and explaining the substance in the vernacular of the district of the provisions of section 14 of the Election Offences and Enquiries Act, 1920, before the opening of polling stations were not carried out by the Presiding Officers of the various polling stations in the constituency.

8. That the provisions of rules 15 and 18 of Chapter VI, Part C of the Punjab Legislative Assembly Electoral Rules, 1936, were not complied with, inas much as thumb-impressions of the voters who were able to sign were affixed and got affixed by respondent and his agents and their signatures were obtained inspite of objections being raised by the petitioner to this and to the doubtful identity of voters but to no effect.

9. That at the time of counting of these votes on 21st of February 1946, at Mianwali, the ballot box of Hyderabad polling station was found broken, the lid being unhinged and disjoined. Objections were raised by the petitioner but no heed was paid to them.

10. That about 30 votes cast in favour of petitioner were at the time of counting of votes declared by the Returning Officer to be invalid though in fact they were valid.

11. That the respondent was not qualified for election and acceptance of his nomination was improper.

12. That the result of return of respondent has been procured, induced and materially affected by the aforesaid corrupt practices which have been committed in his interest by the improper acceptance of his nomination and on account of several other grounds mentioned above and the election therefore was not a free election.

13. Lastly, the petitioner claims that the election of the respondent be set aside and the petitioner be declared instead as having been duly elected as, according to him, he received the majority of valid votes.

By his written statement, Muhammad Abdullah Khan, respondent, has categorically denied almost all the allegations made in the petition. He has averred that the allegations regarding personation, undue influence and bribery are in detail false. He has further stated that the respondent or his agents or any one else did not exercise any undue influence on the voters nor was any bribe given to any one. He has also denied the removal of the ballot paper and further submits that the acceptance of his nomination paper was perfectly proper and according to the respondent, the election was perfectly legal and result of a perfect free election and there was nothing in the petition savouring of truth. Consequently, the following issues were struck in the case—

1. Whether the respondent No. 1 was guilty of the corrupt practice of false personation for securing votes in his election as alleged in paragraph 3 (i) (a) of the petition and list No. 1 of particulars attached to the petition ?

2. Whether the respondent No. 1 committed the corrupt practice of undue influence in the form of official pressure as stated in paragraph 3 (i) (b) of the petition and in list No. 2 of the particulars ?

3. Whether the ballot paper No. 22823 was removed at Jandanwala polling station by Atta Muhammad Khan, Zaildar, polling agent of the respondent, with his connivance. If so, what is its effect on the election ?

4. Whether the return of election expenses submitted by the respondent No. 1 is false in material particulars as alleged in paragraph 3 (i) (e) of the petition and list No. 3 of particulars attached to the petition ?

5. Whether the irregularities and illegalities stated in paragraph 3 (ii) (a), (b), (c) and (d) were committed during the process of the election in question, and if so, what is their effect on the election ?

As regards the allegation of bribery contained in paragraph 3 (i) (d) of the petition, there are no particulars supplied by the petitioner along with the petition. Hence the allegation is scored off. The petitioner's counsel does not press an issue on this point.

The allegation contained in paragraph 3 (iii) of the petition is withdrawn by the petitioner's counsel and therefore, no issue is needed on that point also.

6. Whether the petitioner is entitled to be declared as duly elected member of the Punjab Legislative Assembly from the constituency concerned ?

The petitioner has produced 34 witnesses in support of his allegations, while the respondent has produced 32 witnesses. We propose to deal with the issues *seriatum* :—

Issue No. 1 (*personation*)—The petitioner has produced as many as 17 witnesses to prove this isssue, namely, P. Ws. 1, 4, 8, 9, 10, 11, 13, 20, 21, 22, 23, 24, 25, 27, 28, 29 and 34. In the petition itself 107 personation cases are alleged to have taken place, but the evidence led in court relates only to the following cases :—

(a) *Personation at polling station Piplan on 4th February 1946*—The allegations are that a voter No. 279 Khawaja, son of Muhammad of Piplan, did not vote but one Abdullah, son of Hafiz Muhammad Amin, who was not a voter, personated for this Khawaja on 4th February 1946 at Piplan. To prove this particular incident, the petitioner has examined four witnesses, namely, P. W. 4 Malik Fateh Sher, P. W. 8 Sher Abbas, P. W. 25 Ch. Abdul Majeed and P. W. 27 Munawar Hussain Shah.

P. W. 4 Malik Fateh Sher says that he was the polling officer at polling station Piplan on 4th February 1946, when one Sardar Ali, an agent or worker of the respondent, brought one man from his camp and this man described himself as Khawaja and asked for a ballot paper in that name. Mukand Lal, an agent of the respondent, was standing there at the time and a parchi was given by a Patwari to this man and the said Mukand Lal got his thumb-impression on the counterfoil of the ballot paper. This ballot paper was then brought by this person to Malik Fateh Sher while his hand was being held by the said Mukand Lal. At that time one Sher Abbas challenged the identity of this person and said that the man who had claimed that ballot was not really Khawaja by name. This Sher Abbas had come from the camp of the petitioner. Ch. Abdul Majeed, E.A.C., Presiding Officer, came out and was told as to what had happened. On enquiry by Ch. Abdul Majeed this man who had been claiming himself to be Khawaja, after being exhorted to tell the truth, stated that he was not Khawaja but his real name was Abdullah, adding at the same time that he had come to poll vote at the instance of Sardar Ali. (This Sardar Ali, he pointed out, was actually sitting in court at the time when W. P. 4 was making a statement and was pointed out by him as that person). This personator gave his name as Abdullah and said that Sardar Ali had asked him to personate for Khawaja. The Presiding Officer called the Police Sub-Inspector and a case was handed over to the Police at the spot and a report was taken down. Later on, it appears that this man Abdullah was challaned in court and convicted by S. Jagat Singh, Magistrate 1st Class, Mianwali, on 8th March 1946, under section 171-F., I. P. C. A copy of this judgment is Exh. P. W. 24/A.

P.W. 25, Ch. Abdul Majeed, E.A.C., says that he was a Presiding Officer at Piplan on 4th February 1946 when the above incident took place and he corroborated materially the statement given by Malik Fateh Sher. He added that he had appeared as a witness agianst this Abdullah which resulted in his conviction.

P. W. 8 Fateh Sher was a worker of the petitioner and deposes that this Sardar Ali, who had brought in this person who was ultimately detected at his challenge culminating in the conviction of this man for personation. He adds that he knew Khawaja, the real voter and it was on that score that he had been able to challenge Abdullah. He states further that this Sardar Ali has been in the service of respondent for the last 15 years or so and realised the land revenue from this witness and other persons and he knew him thoroughly well.

P.W.27 Munawar Hussain Shah says that he was a polling agent of the petitioner at Piplan on 4th February 1946 ; his written authority is also on the record. He is also an eye-witness of this personation case and supports the remaining three witnesses as stated above. He also adds that Sardar Ali was a worker for respondent and used to bring in voters from outside with a *kacha parchi* containing a number of voter and that Mukand Lal Lawyer, was a polling agent of the respondent inside the booth.

The net result of this evidence led by the petitioner is that a clear case of personation is made out against the respondent through the worker and paid employee of the respondent at Piplan polling station.

The respondent has not led any evidence whatsoever to meet or contradict or explain away in any way this incident of presonation. Although Sardar Ali was admitted by him to be his servant, he had not the courage to produce him, and at the close of the arguments we ourselves considered it proper to summon this Sardar Ali as court witness. Sardar Ali has, therefore, been examined as C. W. 2. He admits that he is a paid servant of the respondent for the last 28 years and collects the land revenue of the respondent who happened to be a zaildar in that Ilaqa and generally did things connected with the lambardari of the respondent. Surprisingly enough, he says, that he did not remember if he was a polling agent of the respondent at Piplan on 4th February 1946, although he admits that he did act as polling agent of the respondent at several places. Curiously enough, he has no recollection at all if any Abdullah came to the polling station or was detected at personation.

No explanation whatsoever had been rendered by Sardar Ali or the respondent about this flagrant case of personation which had been detected, more or less, in this open manner although one would expect some rebuttal from the mouth of the respondent or from this evidence. Even in arguments nothing has been shown why these independent witnesses produced by the petitioner should be disbelived who have given their evidence in a straightforward manner. We, therefore, unhesitatingly come to the conclusion that this personation case has been brought home to the respondent. Piplan is the residential home of the respondent while Sardar Ali is admittedly his servant ; this case is, therefore, proved against the respondent.

(b) *Personation at Ghulaman polling station on 4th February* 1946—The allegations under this head are that one Gulla, Carpenter, was voter No. 2844 who did not go to vote but in his place one Hasna *alias* Phati Mirasi personated. The petitioner has examined 4 witnesses to prove this incident, namely, P. W. 10 Malik Gul Sher, P. W. 11 Malik Ghulam Hussain, P. W. 13 Malik Fateh Sher and P. W. 31 Sayyed Zulfikar Ali Shah.

P. W. 10 Malik Gul Sher states that he acted as polling agent of the respondent at Ghulama polling station on 4th February 1946, his authoirity having been produced from the record, is Exh. P. W. 10/1 duly signed by the respondent which has been admitted by the respondent. He deposes that while he was sitting as polling agent of the respondent with the Presiding Officer Sayyed Zulfikar Ali Shah, one Hasna Mirasi *alias* Phati came in and handed over to the said Presiding Officer a ballot paper and on enquiry by the Presiding Officer said that he was casting his vote for the respondent. While the Presiding Officer marked it as directed by this person in favour of the respondent, one Ghulam Hussan shouted to Fateh Sher, an agent of the petitioner, who was also sitting inside the room, that this was a case of personation. At this the Presiding Officer made enquiries from the voter and that voter confessed that he had personated for another person. On intervention by Gul Sher the Presiding Officer did not pursue the matter any further and did not put the ballot paper into the ballot box but kept it with himself. On an enquiry by the Presiding Officer this voter had said that Rab Nawaz Khan, Lambardar of Hetu, had brought him and asked him to personate and it was on that score that he had personated. This Rab Nawaz was also worker of the respondent. This witness adds that Gulla, the real voter, was alive and had not come to vote but was personated by this man Hasna Mirasi.

P. W. 13 Malik Fateh Sher says that he acted as polling agent for the petitioner at Ghulama polling station and was there that Ghulam Hassan pointed out that Hasna Mirasi was personating for Gulla Carpenter. He had caught this man and the matter was pu tbefore the Presiding Officer. The personator had confessed before the Presiding Officer that he was personating for Gulla Carpenter. The matter was not pursued any further.

P.W. 11 Malik Ghulam Hassan supports the allegations and depositions of these two witnesses and say that it was he who had detected this personation. He also identifies his signatures on Exh. P. W. 11/1 which is a list of challenged votes prepared by the Presiding Officer on 4th February 1946, relating to this incident.

P.W. 31 Sayyed Zulfikar Ali Shah says that he was the Presiding Officer at Ghulama on 4th February 1946 and in detail supports the story led forward by the previous witnesses. He proves the document Exh: P. W. 11/1 as being prepared by him.

The respondent has led no evidence whatsoever to disprove or contradict the evidence of these independent persons who have come forward to prove this incident. This evidence led by the petitioner is perfectly independent and no fault or flaw has been found and nothing has been urged against them in any way. Rab Nawaz, who is said to have arranged this personation, was examined as R. W. 25. He says that he and his tribe supported the respondent during the last Assembly elections but gives a different version of what happened at Ghulama on that day. According to him, Ahmad Din belonging to their party, saw one Ghulam Hassan talking with Hasna Mirasi that he should personate. There was a dispute that it was a fictitious vote, so the matter went up to the Presiding Officer when Haji Amir Muhammad Khan, father-in-law of the respondent, and Gul Sher agent of the respondent, begged pardon of the Presiding Officer and the matter was hushed up. This story put forward by Rab Nawaz Khan finds no support from any source, official or non-official, oral or documentary, and is worthy of disbelief and savours of a cock and bull story. Considering the evidence in the case we come to the conclusion that this personation has also been brought home to the respondent through his agent, Rab Nawaz Khan and is proved.

(c) *Personation at Ghulama polling station on 4th February* 1946—The allegations are that two voters—Jana and Allah Ditta their vote numbers being 2440 and 5831, came to this polling station at Ghulama on 4th February 1946 and asked for ballot papers but it was found that somebody had already voted for them. Whereupon tendered votes as provided by the rules were prepared,—*vide* document Exh. P. W. 10/2. This incident is corroborated by the statement of four witnesses proved by the petitioner, namely, P. W. 10 Gul Sher, P. W. 4 Ghulam Hasan, P. W. 13 Fateh Sher and P. W. 31 Zulfikar Ali Shah, the Presiding Officer. The statements in detail prove the story as set forth above and the record shows that some other two persons had polled their votes for the respondent. No evidence has been led by the respondent to meet this incident and it is also a clear case of personation proved against the respondent.

(d) *Personation at Jandanwala polling station on 9th February* 1946—The allegations are that one Shera, son of Garhu came to the Jandanwala polling station on 9th February 1946 and demanded a ballot paper in the name of Shera, son of Nura. Receiving this ballot paper, he went on to the polling officer when the opposite party, i.e., the petitioner, challenged the identity of this person. At this time the ballot paper was actually in the hand of the polling officer when it is alleged Atta Muhammad Khan, worker of the respondent, forcibly snatched it from the hand of the polling officer and swallowed it.

The evidence led by the petitioner to prove this incident consists of 5 witnesses, namely, P. W. 12 Habib Ullah, P. W. 13 Fateh Sher, P. W. 29 Aggar Khan, P. W. 31 Zulfikar Ali Shah and P. W. 24 Abdul Khaliq.

P. W. 12 Habib Ullah Khan says that he was working as agent of the petitioner at Jandanwala polling station in February 1946, his authority being Exh. P. W. 12/1 which was taken out from the sealed box. He says that he caught one Shera , son of Garhu who was personating for Shera, son of Nura, having been pointed out by one Aggar Khan that this was a case of personation. The ballot was in the hand of the polling officer who was about to punch it when Atta Muhammad zaildar of Jandanwala, agent of the respondent, snatched it from his hand and apparently swallowed it.

P. W. 13 Malik Fateh Sher and P. W. 29 Aggar Khan support the same story.

P. W. 31 Zulfikar Ali Shah, Tehsildar says that he was a Presiding Officer at Ghulama polling station in February 1946, when on 9th February 1946 Sher Muhammad *alias* Shera, son of Garhu wanted to vote. He had a ballot paper in his hand whereupon Aggar Khan (P. W.), a worker for the petitioner objected to this voter as being a fictitious man, and the matter was brought to light. He thereupon wrote out a Ruqa Exh. P. W. 30/1 making out an offence under section 171 I. P. C., when Atta Muhammad zaildar of Jandanwala stood surety to produce him whenever required. Malik Walayat Khan had told him that somebody had forcibly snatched away the ballot paper from his hand and he sent the report to the District Magistrate.

P. W. 24 Abdul Khaliq Shah, Record Keeper, produced the judicial file of Crown *versus* Sher Muhammad, *alias* Shera under section 171 I. P. C. decided on 15th May 1946 which is Exh. P. W. 24/B.

Ch. Walayat Khan, who was polling officer, and from whose hands this ballot paper was snatched, was not produced by either party. We considered it fair to examine him as C. W. 1. His statement is that he was Inspector Co-operative Societies in 1946 and was acting as polling officer at Jandanwala polling station on 9th February 1946. During the course of the day, a voter approached him with a ballot paper in his hand and he was going to punch it when one Aggar Khan protested that this man was personating, so he asked this person if he was a correct voter. In the mean time one Atta Muhammad Khan, who was an agent of the respondent, snatched away this paper from his hand. Sayyed Zulfikar Ali Shah immediately appeared and the rest of the story is the same as set forth by the witnesses mentioned above. This witness was confronted with his statement recorded by Zulfikar Ali Shah, Exh. P. W. 30/3, in which he had stated that he did not know who had actullay snatched away the ballot paper. The witness after being confronted with this document says that he did not get the name of the snatcher recorded because it was the desire of the Presiding Officer that Atta Muhammad should not be named and that the matter should be hushed up. In addition, Atta Muhammad had requested him that he should not be named. The witness adds that considering the prevailing conditions as the Unionist party was in power and Government officers were more or less afraid of doing anything which might offend the Unionist party, he considered it proper not to mention Atta Muhammad.

The evidence led by the respondent to meet this incident consists of R. W. 26 Atta Muhammad who had allegedly snatched this ballot paper. Atta Muhammad says that although he was present at Jandanwala polling station, the allegation that he had snatched the ballot paper from the hands of the polling officer and swallowed it, was, according to him, absolutely incorrect and false. Further on he adds that no incident relating to Shera, son of Garhu took place in his presence while, he admits that he was a polling agent for the respondent. He admits that he undertook to produce Shera whenever wanted by the authorities. It is apparent that this witness is not telling the truth as the statement of at least four independent witnesses clearly prove that this incident of Shera and the snatching away of the ballot paper did take place and it was he who had snatched away the paper from the hand of the polling officer. There is no doubt that Ch. Walayat Khan's statement before the Presiding Officer does not mention his name, but we think that he has satisfactorily explained the reason for omission of this name from his statement.

This case of personation, therefore, is also proved against the respondent.

(e) *Personation at Wan Bhachran polling station on 12th February* 1946.—The allegations are that four persons namely, Fateh, Sher Muhammad, Dost Muhammad and Anwar, who were actually in jail on 12th February 1946 in connection with some case, were personated by some other persons in as much some others voted for them. The evidence under this head consists of 7 witnesses, namely, P. W. 1 Mohan Lal, P. W. 20 Fateh, P. W. 21 Sher Muhammad, P. W. 22 Dost Muhammad, P. W. 23 Anwar, P. W. 9 Muhammad Aslam and P. W. 28 Hamed Ullah.

P. W. 1 Mohan Lal says that he was Assistant Superintendent Jail Mianwali and has proved from his register of under-trials that Fateh, Sher Muhammad, Dost Muhammad and Anwar of Mehr Ahmad Khelanwali, Police station Musa Khel, were in jail on 12th February 1946 in connection with some 363 case.

P. W. 20 Fateh, P. W. 21 Sher Muhammad, P. W. 22 Dost Muha mmad and P. W. 23 Anwar state that they were voters and did not go to vote at Wan Bhachran on 12th February 1 946 as they were in jail on that day in connection with a case.

P. W. 9 Muhammad Aslam Shah says that he was working as agent of the petitioner at Wan Bhachran and no under-trial prisoner was brought from jail there for voting.

P. W. 28 Hameed Ullah says that he was working for the petitioner at Wan Bhachran on 12th February 1946 when one Barkhurdar, an agent of the respondent and some other persons, brought some voters to personate for Fateh, Sher Muhammad, Dost Muhammad and Anwar P. Ws.

The respondent has examined some witnesses in rebuttal which mainly consist of the fact that the village of these personated voters is different from those being in jail.

No personators, however, have been produced to prove that it were they who had personated for the jailed persons. Our attention was invited to the ballot papers. We thereupon went through the ballot box and have come to the conclusion that persons who had voted for Dost Muhammad, Sher Muhammad and Fateh, had, in fact, cast their votes in favour of the petitioner and not the respondent whereas it appeared that nobody had personated Anwar or cast his vote in his place. Ap parently not much discussion is required to decide this point as the evidence leaves us in doubt as to who had per sonated them and at whose instance they had come to personate. Consequently, this incident is not proved by the petitioner and we leave the matter as it is.

(*f*) *Personation of dead persons*—Two lists have been produced amounting to 40 persons who were alleged to have been dead and were personated. The death certificates prove that these voters were dead at the time of polling, but on referring to the ballot box, we find that only 8 persons out of this lot of 40, were personated and all these 8 polled in favour of the respondent, while in the case of remaining 32, nobody cast votes on their behalf. The scrutiny shows that voters No. 736, 2043, 442, 215, 626, 114, 720 and 1996, all residents of Piplan Thana, were dead at the time of polling and some person or persons cast their votes for them in favour of the respondent. Much evidence has been produced and the argument is made that as Piplan was the residential home of the respondent, and as this personation took place on 4th February 1946, *i.e.*, in the initial stages of the polling, the respondent was responsible for getting these votes personated.

The respondent in order to rebut this evidence has produced *inter al a* 4 witnesses who were alleged to be the dead persons. According to him these are not dead persons but very much alive and have, therefore, produced them in court.

R. W. 1 is Khan Beg, son of Khana, Jat of Alluwali, who says that he voted for the respondent on the polling day. According to the death certificate, Exh. R. W. 2/1, the dead person was not Khan Beg, son of Khana but Khan Beg, son of Khan Zaman and according to the testimony of R. W. 2 Hakam Khan this Khan Beg, son of Khan Zaman and grandson of Ahmad was dead at the time of polling.

R. W. 3 is Sher Muhammad, son of Ahmad of Piplan who also deposes that he voted for the respondent; but according to the death certificate, R. W. 9/1 the dead person was Sher Muhammad, son of Ahmad Nur.

R. W. 4 is Ghulam Muh ammad, son of Fateh Muhammad, son of Muhammad, of Piplan, who also says that he polled his vote in favour of the respondent; but the death certificate R. W. 9/3, shows that the dead person was Ghulam Muhammad, son of Fateh Muhammad, son of Nur Muhammad.

R. W. 6 is Hayat, son of Jana of Piplan who says that he polled for the respondent while the death certificate shows that the dead person was Hayat, son of Haji,—*vide* R. W. 9/2.

The net result is that the respondent has not been able to rebut this evidence of personation against him. It is abundantly, therefore, clear that the respondent was responsible for getting some persons to vote for the dead persons and this incident is also proved against the respondent.

The law of agency in cases of personation is perfectly clear and well established. It is not necessary for a polling agent or worker to be given a written authority. It is sufficient to establish *de facto* agency for the evidence proves that a person acted on behalf of a candidate at the polling booth with his knowledge and consent. Agency has to be inferred in such cases from the circumstances and the conduct of the parties. One case of personation even procured by an agent is sufficient to void the election. If the respondent wa s content to leave his agents to conduct themselves in such a manner as t hey choose, he cannot escape the consequence of their doings. The authority for this proposition will be found in Hammond's Election cases India and Burma, page 85, which is a famous case of Shaikh Muhammad Sadiq *versus* Mian Muhammad Shareef, Amritsar City. To the same effect, Jagat Narain, Volume II, page 11 and Jagat Narain, Volume III, page 159, may be referred. We, therefore, decide issue No. 1 against the respondent.

Issue No. 2 (*undue influence*)—The allegations under this issue are to the effect that there has been direct as well as indirect interference and attempt to interefere on the part of respondent No. 1, his agents and other persons including officials in the district with the connivance o f the responden and his agents with the free exercise of electoral right by a very large number of voters in the constituency. The voters were under their undue influence, coercion, intimidation and seduced from voting in favour of the peititioner. The list of particulars relating to the corrupt practice of undue influence mentions four distinct incidents as follows :—

Incident No. 1—That on 17th January 1946 at Bhakkar Dak Bungalow, the Deputy Commissioner, Mianwali, who was also Returning Officer, visited Bhakkar where he had summoned all the zaildars and noteables of the Ilaqa and asked them to help the Unionist candidate. Muhammad Abdullah Khan, the respondent. The Sub-Divisional Officer Bhakkar produced each zamindar turn by turn after reminding them of the files pending with him and the Deputy Commissioner had pressed them to vote in favour of the respondent, while the respondent himself was present there and all of them persuaded the voters of the Ilaqa to vote in favour of the respondent.

Incident No. 2—On 1st February 1946 at Bhakkar and Bahal, the Sub-Divisional Officer, Bhakkar on the complaint of the respondent to the effect that the voters refused to vote in his favour, posted Muhammad Afzal Khan Dhandla to Bahal polling station. Muhammad Afzal threatened the voters of Hammuwala and Dhandla villages, many of whom were his tenants and relatives, with the result that all the voters Nos. 4917—4940 (Supplementary list) and 2410—2554 of the Main list of the Electoral Roll of village Hammuwala and 1947—2101 of the Main list, and 4745—4750 of the Supplementary list of the Electoral Roll of village Jandwala could not vote their votes and went back from polling station though wanted to poll in favour of petitioner, but they were hard pressed by Muhammad Afzal Khan to vote in favour of the respondent and on their refusal they went away. Thus about 400 voters of these villages were deprived of their right of voting in favour of the petitioner.

Incident No. 3—On 11th February 1946 at Kotla Jam, Khan Bahadur Malik Luddoo Khan, an Honorary Magistrate and Zaildar, threatened the voters in his zail that if they would not vote in favour of the respondent they would

be severely dealt with. He acted as a polling agent of the respondent on the polling day at Kotla Jam and all through the election at that polling station continued unduly pressing them and coercing them for polling their votes in favour of respondent. A written protest was made by the petitioner but the Presiding Officer refused to interfere with his illegal activities against the petitioner.

Incident No. 4—Throughout the election, *i.e.*, from 1st of February 1946 to 13th of February 1946, illiterate voters wanted to cast their votes in favour of the petitioner and asked the Presiding Officers of the various polling stations to put down the cross marks against the name of the petitioner but the Presiding Officers unnecessarily asked the voters if they wanted to have their mark against the name of Amir Abdullah of Piplan or Rokri. (Unfortunately, the names of both the petitioner and the respondent are the same with a very insignificant difference in their prefatory description, inasmuch as, the respondent is Muhammad Abdullah Khan, while the petitioner is Amir Abdullah Khan. As the voters were illiterate, they were thus misled and confused under the undue influence and wrong marking took place which greatly interfered with the free exercise of electoral right which was done at the instance and connivance of the respondent. These four incidents we propose to deal *ad seriatim*—

As regards Incident No. 1, the petitioner has led seven witnesses, namely, 13 Fateh Sher, 10 Gul Sher, 24 Abdul Khaliq, 5 Ikhtiar, 6 Muhammad Hayat, 7 Amir Sher Ali and 34 the petitioner himself.

P. W. 24 Abdul Khaliq is the Record Keeper of the Deputy Commissioner's office, Mianwali, who produced the Travelling Allowance bill of K. B. Muhammad Afzal Khan, the then Deputy Commissioner, for the month of January 1946, which shows that this Deputy Commissioner was at Bhakkar on 16th January 1946 and 17th January 1946 as indicated in the Travelling Allowance bill, Exh. R. W. 24/C. The purpose of the journey shown in the bill is usual tour in the district and also shows that the Deputy Commissioner was at Bundial on 4th January 1946 and the object of this tour being given to discuss some land grants with the Honourable the Premier. This witness proves the handwriting of the Deputy Commissioner, K. B. Muhammad Afzal Khan on document, Exh. P. W. 24/C.

P. W. 13 Malik Fateh Sher states in some detail that he was a Zaildar and *Inam khor* till these posts were abolished in 1947. He states that about a fortnight before the actual polling he was informed that the Deputy Commissioner, K. B. Muhammad Afzal Khan, wanted to see him at Bhakkar. He went to Bhakkar. Zaildars and lambardars of that Ilaqa were present at Bhakkar and several big people, including K. B. Luddoo Khan, Risaldar Muhammad Ali Khan, Hussain Bakhsh and so on. Ch. Surat Singh was the Sub-Divisional Officer, Bhakkar in those days. This witness met this Sub-Divisional Officer, in his room where Muhammad Abdullah, the respondent, was also present. The Sub-Divisional Officer told him that complaints had reached him that this witness was doing propaganda for the Muslim League and threatened him that he stood to lose many rights and honours in case he did not help the Unionist candidate, Muhammad Abdullah and that he would come to further harm and lose all honours and posts under the Government. The witness, however, says that he virtually refused to help the respondent and did not care for wordly gains. A little later this witness entered the room where the Deputy Commissioner, Raja Muhammad Afzal Khan was sitting. The Deputy Commissioner told him that he was making a serious mistake and that he (Deputy Commissioner) had already recommended squares of lands and Honorary Magistracy for him and so forth but he would lose all those valuable rights if he continued to support the Muslim League and not help the Unionist candidate. In fact, he threatened to harm him, but this witness says, that he stood adamant and ready to bear all the consequences.

P. W. 5 Muhammad Ikhtiar says that he was zaildar of Kalur Kot in 1946. About a fortnight before the polling he received a Parwana from the Deputy Commissioner, Mianwali (Raja Muhammad Afzal Khan) that he should see him at Bhakkar where he was coming on the date mentioned. The witness, accordingly, went to Bhakkar and saw the Deputy Commissioner in the Dak Bungalow, the bungalow being adjacent to the bungalow of the Sub-Divisional Officer, Ch. Surat Singh. Almost all the zaildars, lambardars and some zamindars were present at the Dak bungalow and the respondent himself was also there. He says that he saw the Sub-Divisional Officer at first and then the Deputy Commissioner. The Sub-Divisional Officer told him that he should get votes in his zail for the respondent. The Deputy Commissioner also then told him the same thing. Both the Sub-Divisional and the Deputy Commissioner told him that the orders had been received from above to that effect, but the witness told the Deputy Commissioner that the people were inclined towards the Muslim League ; but the, Deputy Commissioner said that if this witness did not help in the way indicated, he would be dismissed. Accordingly, the witness being frightened, he promised to help the respondent under the undue influence of the Deputy Commissioner and the Sub-Divisional Officer. He add as that the Deputy Commissioner also offered him inducement that those who would help the respondent, would be granted squares of lands.

P. W. 6 Malik Muhammad Hayat says that he was zaildar and the Sub-Divisional Officer called him by an order some fortnight before the elections where he went and found zaildars, sufedposhes, lambardars and other zamindars present. The respondent himself was also there and so was the Deputy Commissioner, Raja Muhammad Afzal Khan. The Sub-Divisional Officer called them one by one in his room in the presence of the respondent and told these people that they should give their votes and canvass votes for the Unionist candidate, the respondent. On this witness making a demur, the Sub-Divisional Officer, threatened him that he would be treated badly if he did not vote or exercise his influence in favour of the respondent, and also induced him that he will be rewarded in one shape or another if he did so. This witness was later on taken in the room of the Deputy Commissioner and in the presence of the respondent and the Sub-Divisional Officer the Deputy Commissioner repeated the same threats and the inducements as were made by the Sub-Divisional Officer previously. Most of those people who had thus been threatened, agreed to abide by what the Deputy Commissioner had asked them to do.

P. W. 7 is Amir Sher Ali. He says that he was a lambardar and gives in detail the same story as repeated by the previous witness that the Sub-Divisional Officer and the Deputy Commissioner threatened him and others that they should vote and canvass votes for the respondent and also induced them by some squares of lands.

P. W. 10 Gul Sher is a Sarbrah lambardar and repeats, more lor less, the same story and corroborates the previous witnesses. The result of this undue influence and official pressure was that a majority of the voters, who would have voted for the Muslim League candidate, being thus coerced, were made to vote for the respondent.

The evidence led by the respondent to meet this overwhelming evidence, which is quite independent and unshaken by any cross-examination or any other documentary evidence, is by way of producing some 15 witnesses of a negative character. These witnesses being R. Ws. 10, 11, 12, 17, 18, 19, 22 to 25, 27, 28, 30, 31 and 32.

R. W. 10 is Malik Rab Nawaz Khan who was a polling agent of the respondent, says that no official of the district ever called him at any time nor did any official exercise any undue influence or pressure on him.

R. W. 11 is Malik Allah Yar Khan and says that he is a lambardar and he voted of his own free will for the respondent without any undue pressure.

R. W. 12 Aulad Hussain Shah, R. W. 17 Muhammad Nawaz state unanimously that they voted for the respondent of their own free will without any undue pressure.

R. W. 18 is Malik Hussain Bakhsh , lambardar. He says that he was awarded one square of land by Government in 1946-47, but this was a grant for War services as he had furnished 65 Recruits and given Rs. 800 as contribution towards War Fund. He denies, however, that the Deputy Commissioner or the Sub-Divisional Officer called him or exercised any undue influence.

R. W. 19 Ghulam Hussain denies that he was ever called by the officers to vote for the respondent.

R. W. 22 Jahan Khan, R. W. 23 Sakandar, R. W. 24 Malik Hakam Khan, R. W. 25 Malik Rab Nawaz, R. W. 28 Muhammad Nawaz Khan, and R. W. 30 K. B. Luddoo Khan all state that they did assist the respondent but they did so of their own free will without any undue influence by the officers.

The respondent also examined the Deputy Commissioner, Raja Muhammad Afzal Khan, and his statement was recorded as R. W. 27. The Deputy Commissioner says that he was Deputy Commissioner, Mianwali, in 1946 and denies the allegation that he exercised any undue influence or called the lambardars, zaildars or assisted the respondent in his electioneering campaign or election nor did he order any of his subordinates to do so. He claimed privilege for the names of those persons for whom he had recommended some grants of lands. He, however, adds that the respondent was recommended for award of land to him and the respondent did get some as a result of that, but the witness could not remember whether this was before the polling or after the polling. He admits the signatures on the travelling allowance bill, Exh. P. W. 24/C and his visits to the places mentioned therein. He says that he does not remember if he had actually summoned the zaildars and lambardars but adds that normally such non-officials are present when a Deputy Commissioner visits their ilaqa and some of them might have been present at Bhakkar on 16/17th of January 1946. He denies, however, that he asked Fateh Sher to assist the respondent. He was given a notice as required by the rules that allegations had been made in the case that as an official of the head of the district he exercised undue influence over the voters and other persons to assist the respondent and if he would like to give an explanation. His reply was that he did not think any explanation was necessary as he was perfectly clear in his mind that he exercised no undue influence and the witnesses belonging to one faction or other might have given evidence to gain their own ends. He also said that he had no personal enmity with the petitioner or the witnesses who had given evidence against him. This may be explanatory but is not satisfactory.

Incident No. 2.—Six witnesses have been produced by the petitioner to prove this incident. P. W. 14 Bakhshu states that he belongs to Hammunwala and was a voter. He wanted to vote for the Muslim League candidate, i.e. the petitioner, and 300 of such voters went to their polling station Behal. Muhammad Afzal Khan, who was a Sarbrah of their zaildar, met them there and told them that they should not vote for the Muslim League candidate, but vote for the respondent as he had been preventing them previously also. But the voters still insisted that they should be allowed to vote for the Muslim League candidate. Muhammad Afzal Khan then said that he was being bothered by the officials and as he was their *A'la malik* and they were his tenants, they should either vote for the respondent or he will harass them and cause them material loss and harm as he was backed by the officers. Some police constables were also at this polling station who also supported Muhammad Afzal Khan. The result was that only 10 or 15 of such voters voted while the rest of them went away without polling at all, and on this ground this witness himself did not vote.

P. W. 15 Malik Fateh, P. W. 16 Ahmad, P. W. 17 Nur, P. W. 18 Ali and P. W. 19 Chiragh are also some of such voters all of whom unanimously state that they were prevented from voting by this Muhammad Afzal Khan and the police constable and most of them could not vote at all. No rebuttal is led by the respondent to explain away this incident.

Incidents Nos. 3 *and* 4.—Not much evidence is forthcoming on both these incidents and they are left out of consideration.

The evidence of both the parties relating to this visit of the Deputy Commissioner at Bhakkar has been summarised above. The evidence led by the petitioner is perfectly definite and convincing, whereas the evidence led by the respondent is of a negative and doubtful character and based on bias in favour of the respondent. We have not been able to find any reason, nor has the respondent offered any reason, nor has the Deputy Commissioner himself offered any explanation as to why such a large and overwhelming evidence should be forthcoming naming him in particular, giving the actual words used by him to exercise undue influence on them to help the respondent. We, therefore, are of the opinion that Raja Muhammad Afzal Khan, the then Deputy Commissioner, went out of the way to exercise his undue influence over the electorate and used official pressure to secure votes for the respondent.

According to the rules and authorities laid down undue influence includes any direct or indirect interference or attempt to interfere on the part of the candidate or his agent or of any other person with the connivance of the candidate or his agent with the free exercise of any electoral right. It is abundantly clear from the evidence that the voters' freedom in this constituency, in the matter of the exercise of their electoral right, has been seriously interfered with by the illegal exertions of the S. D. O. Ch. Surat Singh and K. B. Muhammad Afzal Khan, the Deputy Commissioner, and in most of the cases the respondent was present on these occasions, his active connivance can easily be attributed to him. There can be no doubt that officials and persons in position in the absence of any statutory prohibition are first and foremost citizens possessing the right to vote and to use their legitimate influence like any other person but it is the abuse of this influence which the rule aims at and definitely prohibits. Numerous particulars and evidence has proved that these two officers interfered with the freedom of voters by taking advantage of their official position in conducting the election campaign and combined canvassing with their official tours.

General intimidation has been proved by abundant evidence which had spread over to such an extent that it had permeated to the whole lot of voters in this ilaqa and we are perfectly satisfied in our minds that the freedom of election had ceased to exist on account of this illegal pressure by the officers. We would undoubtedly have made a report and mentioned the name of Ch. Surat Singh, the then S. D. O., Bhakkar, but as he has left for East Punjab and is not available here, and we have not been able to serve him a notice to show cause, we are constrained not to mention his name now. In determining the evidence we have come to the conclusion that the result of the election has been materially affected by the general undue influence on the voters.

After the evidence of the petitioner, the burden of proof shifted to the shoulders of the respondent to show that the result of the election has not been materially affected which he has hopelessly failed to discharge, on the contrary it is proved that the rights of electors had been violated and outrage and humiliation had been organized which had the effect of terrifying the people from the exercise of free franchise of which they had full right. We, therefore, find issue No. 2 proved against the respondent.

Issue No. 3.—This issue was to the effect that a ballot paper No. 2283 was snatched away at Jandanwala by Atta Muhammad, Zaildar which had been discussed already during the discussion of issue No. 2 and is found against the respondent.

Issue No. 5.—This issue has been given up by the counsel for the petitioner and we think it rightly too. Consequently, this issue is decided against the petitioner.

Issue No. 4—(Return of Election Expenses)—

The petitioner's counsel has argued that the respondent kept no regular accounts; that some of his expenses are not supported by vouchers; that while some vouchers are produced, they are not originals but are duplicates, and that some receipts produced by the respondent have not been proved and are in fact false. There is no doubt that the respondent himself admits that he did not keep any regular accounts while those receipts, which he has produced in duplicate, were produced because the originals had been missing for some time. Certain payments made by him to some of his friends have not been shown in the accounts which the respondent admits. All the evidence in this case consists of only the evidence of the respondent himself and the material to prove this issue is only gathered by the arguments of the petitioner's counsel. Much time need not be wasted in discussing this issue as the rule provides that election can be voided only by the making of any Return of Election Expenses which is false in any material particulars or the making of declaration verifying any such return.

The respondent's counsel has cited Bhagat Singh and Gurdev Singh, P. 1, Vol. II and the City Bareilly case and argued that failure to keep accounts is not the same thing as making a Return of Election Expenses false. For want of evidence it has not been proved by the petitioner that the making of any Return of Election Expenses is false in any

material particulars. The law in regard to the Return of Election Expenses by a candidate is also well established. The failure to get accounts of all sums received and spent by the candidate or his election agent is not sufficient for holding that the material particulars, entered in the Return, are false in material particulars. Reference in this connection may be made to Bhagat Singh and Gurdev Singh's Indian Election Reports, Vol. I, p. 52. According to these authorities we cannot hold that the Return of Expenses is materially false in material particulars. Consequently, we hold that the petitioner has failed to prove this issue.

Issue No. 6.—According to this the petitioner claims the seat for himself but we refer in particular to Suraj Narain *versus* Durga Narain, quoted in Jagat Narain's Vol. III, where the learned Commissioners in a similar type of case observed at p. 57 that it could not be said with certainty that the petitioner would have been elected if the respondent had been out of the contest and the votes given to respondent could not be treated to have been merely thrown away. For this proposition of law Hammond's book, Vol. II, pages 25, 115 and 172 may be read with advantage where they have reported that a fresh election was necessary in such cases. We are of the opinion that the petitioner has failed in this case to show that every one of the votes that was polled in favour of respondent No. 1 would have been cast in favour of the petitioner. This issue is, therefore, decided against the petitioner.

In view of the findings recorded above, we hold that the election of Muhammad Abdullah Khan son of Dost Muhammad Khan of Piplan, tehsil and district Mianwali, from Mianwali South (Muhammadan Constituency) is void within the meaning of paragraph 7 (i) Part 3 of Government of India Provincial Elections Corrupt Practices and Election Petitions Order, 1936. As a result of the commission of corrupt practices detailed above, we hold—

(i) that Muhammad Abdullah respondent be disqualified for 6 years from the date of this report for having committed corrupt practices, and

(ii) we mention the name of K. B. Muhammad Afzal Khan, the then Deputy Commissioner, Mianwali, for having committed the corrupt practices detailed above as required by Rule 10, Part 3 of the Government of India Provincial Elections Corrupt Practices and Election Petitions Order, 1936, and leave it to the discretion of His Excellency the Governor of West Punjab to take such action as he may deem proper against this officer.

Taking all the circumstances of the case into consideration we recommend that a sum of Rs. 1,500 shall be paid by Muhammad Abdullah Khan, respondent, to Amir Abdullah Khan, petitioner, as costs. We have not declared the petitioner to have been duly elected, the result is that the seat has become vacant and it is up to the local Government to take necessary steps for filling the seat. We accordingly submit the report to His Excellency the Governor of West Punjab.

MEMORANDUM EXPLANATORY OF THE SUPPLEMENTARY ESTIMATES 1948-49

Interest on Debt and other obligations and Appropriation for Reduction or Avoidance of Debt—The supplementary appropriation of Rs. 62,05,400 is mainly on account of (1) the half yearly instalment of interest on the Development Loan of Rs. 469 lakhs which was payable on the 1st October 1947 but which was paid during the current financial year, (2) the non-recovery of the East Punjab Government's share of expenditure as no decision has been reached between the East and the West Punjab Governments in regard to the distribution of the former Punjab Governments debts, and (3) decrease in capital expenditure in commercial departments causing a decrease in the amounts met by transfer to those departments.

Jails and Convict Settlements——The supplementary demand of Rs. 5,59,160 is mainly due to the increase in the number of prisoners and to the rise in prices of foodstuffs. It is also due to the issue of extra milk and *gur* to prisoners observing fast during Ramzan and the payment of annas twelve per prisoner on the occasion of two "Ids."

Police—The net demand of Rs. 59,33,310 is mainly due to the decision to retain the Border Police for the protection of the Indo-Pakistan borders, which decision was arrived at after the budget estimate for the year 1948-49 had been framed. It is also partly due to the employment of the Pushto knowing Pathan staff and to the entertainment of additional Police Staff for the Pathan Section.

Medical—The net demand is Rs. 2,96,710 and is mainly due to the purchase of instruments and appliances for the Mayo Hospital, Lahore, the organisation of the Blood Transfusion Service, and the provincialisation of the Silver Jubilee (Muhammad Hussain) Tuberculosis Sanatorium Samli, Murree Hills.

Agriculture—The net demand is Rs. 35,26,800 which is required for the purchase of seed for distribution to Zamindars on payment.

Co-operation—The supplementary demand is Rs. 5,74,000. This is required for certain co-operative schemes which were sanctioned after the budget estimate for 1948-49 was framed.

Industries—The net demand is Rs. 10,82,580. This is mainly due to the provision for assistance under the Punjab State Aid to Industries Act; the taking over by Government of the Makerwal Colliery; the continuance of the Government Experimental Engineering Factory, Shahdhra; the continuance of Travelling Demonstration Parties for importing training in different branches of Industries; the re-organisation of Surgical Instruments and Allied Trade Development Centre, Sialkot; the re-organization of the Industries Department and the award of stipends to refugee girls seeking admission to Government Industrial Schools for Girls.

Electricity Scheme—Working Expenses—The net demand is Rs. 42,68,000. This is mainly on account of charges for cost of Power supplied by the East Punjab Government, the cost of installation of M. E. S. Sets at Sialkot and Lyallpur and the cost of maintenance of the Power House at Sialkot.

Payments of commuted value of Pensions—The supplementary appropriation is Rs. 43,800. This is required to meet the anticipated excess expenditure based on the progress of actuals.

Capital Account of other Provincial Works Outside the Revenue Account—The net demand is Rs. 14,46,690. This is mainly in consequence of the decision to start the Lyallpur Transport Service and to have a fleet of buses ready for other services which were being considered for inauguration or for expansion of existing services.

Advances Re-payable—The net demand is Rs. 3,29,930 and is required for the grant of (1) a loan to the Technical Services Association for undertaking works of Industrial and Agricultural development of West Punjab; (2) an advance for the operation of a Thread-ball Spinning Factory in Sir Ganga Ram Refugee Home; (3) an advance to Pioneer Flour Mills, Shahdara Bagh; and (4) an advance to the King Edward Medical College Students belonging to Jammu and Kashmir State.

Loans to Municipalities and Advances to Cultivators, etc.—The supplementary demand is Rs. 67,87,830. Of this a sum of Rs. 61,27,830 is required for the grant of taccavi loans; Rs. 1,00,000 for loans under the Punjab State Aid to Industries Act, 1933; Rs. 60,000 for advance to the Steel and General Mills Limited, Mughalpura, and Rs. 5,00,000 for advance to the Rahwali Sugar Factory.

Land Revenue—The amount required for expenditure not specifically provided in the budget is Rs. 4,01,030. This can be met from savings within the grant and in accordance with practice a token demand of Rs. 10 only is made. Of the total amount Rs. 2,14,570 is required for the purchase of stone pillars for Killabandi operation in the Thal Project and Rs. 1,86,460 for the retention of the Revenue Consolidation Staff during the current financial year.

Irrigation, etc., Working Expenses and other Revenue Expenditure Financed from Ordinary Revenues—The supplementary expenditure is Rs. 2,53,480 and can be met from savings within the grant. REVENUE DEPARTMENT

The 28th April 1949

No. 771-R—The Governor of West Punjab is pleased to appointed a Committee—Alienation of Land Enquiry Committee—consisting of Mian Abdul Aziz, Chairman, Registrar Cooperative Societies and Khan Amir-ud-Din Ahmad Advocate as members.

The terms of reference are :—

"To consider whether the provisions of the Punjab Alienation of Land Act, particularly those discriminating between one tribe and another, are suitable in the present circumstances in the West Punjab, and, if not, to make alternative proposals bearing in mind the necessity of protecting the small landowner from overborrowing and its consequences."

"The Committee has also been authorised to inquire into and make recommendations on any matters arising out of or closely connected with their terms of reference."

A questionnaire has been drawn up to elicit opinions and those interested in the subject are earnestly requested to post their written answers to the Secretary of the Committee at as early a date as possible. If answers are received promptly the compilation of the report would be expedited. The Committee would be most grateful if all answers reach the Committee's office before the end of May, 1949. One legible copy would suffice.

An annexure including a gist of the Sind Rural Credit and Land Transfer Act of 1946 is appended to the questionnaire.

QUESTIONNAIRE

(*N. B.*—Before answering questions kindly go through the annexure.)

I. UNRESTRICTED ALIENATION

1. Should alienation of agricultural lands be absolutely free from all restrictions based on a distinction between agriculturists and non-agriculturists ?

2. If your answer to question 1 is in the affirmative, are you also opposed to measures that seek to protect the peasant proprietor class from over-borrowing on the security of land and its produce ? If so, is it your view that there is now no danger of petty peasant proprietors being expropriated on an extensive scale ?

3. Is there any danger that in the course of time non-Muslim Sahukars may be replaced by Muslim Sahukars ?

4. If the existence of a class dependent on agriculture as a permanent profession is a fact, is it in your opinion inadvisable to devise measures to protect the comparatively poorer members of this class from being bought out by (*a*) moneyed non-landowners and (*b*) landowners who already own extensive areas ?

5. If on the other hand some protection is advisable are you in favour of a legal provision preventing (*a*) moneyed non-landowners and (*b*) big landowners—from purchasing agricultural lands from smaller landowners ?

6. Are you aware that actual experience in various parts of the world indicates that extensive expropriations of hereditary cultivators by moneyed speculators in land lead to serious shortage in production in periods of low prices ?

7. If it is necessary to amend the schedule of agricultural tribes as notified under the existing Alienation of Land Act, are you in favour of a new definition of an "Agriculturist "?

II. DEFINITIONS

8. Is it necessary to modify the definition of "land " as given in the existing Alienation of Land Act ?

9. (*a*) Should the word "agriculturist " be defined ?

(*Note* :—Three classes claim to be agriculturists :—

(*a*) Landowners who do not cultivate with their own hands,

(*b*) Landowners who cultivate their own land themselves and also work as tenants-at-will in other areas,

(*c*) Tenants-at-will who own no land at all but are hereditary cultivators under landlords;

(*b*) Should the first class be excluded ?

(*c*) Should a person who never cultivated land before but who has now taken to cultivation as a means of livlihood be regarded as agriculturist ?

10. Would you include in this definition all those who temporarily gave up cultivation because of being in Government service—Civil or Military—or who get disabled through accident or disease, or happen to be minors ?

11. Does the definition of "landowner" require any change ?

12. Do the definitions of the terms (*a*) "permanent alienation" (b) "usufructuary mortgage" and (c) "conditional sale" need any amendment ?

13. Is the existing distinction between permanent and temporary alienations suitable ?

III. RESTRICTION OF CREDIT

14. If credit has to be restricted should it cover all alienations of land—whether permanent or temporary ?

15. Would you extend this even to Cantonment and Municipal areas ?

16. Should the restriction of credit proceed on the basis that no alienation can be permitted if a minimum area has been reached or should it be on the basis of a minimum amount of annual land-revenue ?

17. If question No. 16 is answered in the affirmative what should be the limits (*a*) of the minimum area (*b*) of the amount of land-revenue payable ?

18. Could the safeguards be made to vary according to the quality or situation of the soil from chak to chak and from district to district ? If not, what in your opinion is the least area that should cover all cases ?

19. Should there be any distinction between urban and rural landowners in so far as restriction of credit is concerned ?

20. Should a landowner be debarred from creating a charge on the produce or any part thereof in respect of his minimum area beyond a certain periods ? If so what should be the time limit ?

21. Should the restriction set out in question No. 20 be also imposed in the case of a cultivating tenant-at-will ?

22. Should it be permissible to a landowner with the Deputy Commissioner's previous sanction to alienate his land and thus reduce the prescribed limit in exceptional cases ? If so, the nature of the exceptions may be indicated ?

23. Should restrictions relating to alienations of land be held to be applicable in executions of decrees or orders of a Civil or Revenue Court ?

24. If the answer to question 23 is in the affirmative should a lease suffice for the satisfaction of the decree ?

25. Section 48 of the Code of Civil Procedure (Act of 1908) provides a period of twelve years for executing a decree, but the period within which a decree is executable has been restricted to six years under the Sind Rural Credit and Land Transfer Act (Act of 1946). Should the West Punjab follow the precedent of Sind ?

26. Do you desire that the provisions governing the alienation of land by a landowner should apply to a Court of Insolvency as well as to a receiver or a local Commissioner appointed by a Civil Court, both as regards alienation and attachment ?

27. Are you of the opinion that usufructuary mortgages even in favour of agriculturists should be only for a period of 20 years and no more ? Would you give retrospective effect to this ?

28. Should the jurisdiction of Civil Court be excluded from all matters relating to alienation of agricultural lands ?

IV. AGRICULTURAL LAND REQUIRED FOR INDUSTRY

29. Are you of the opinion that agricultural land needed for expansion of industry should be acquired by the Government in suitable rural areas regardless of all restrictions on alienation ?

30. Do you consider it advisable that if the industry for which land is acquired by the Government is not established within a period of 5 years the land should revert to the owner ? If so do you suggest that the owner should refund the price in full or subject to deductions ?

V. MISCELLANEOUS

31. Is it desirable that landowners or other agriculturists should receive preferential treatment regarding employment in Government service ?

32. (*a*) Would it be desirable to provide any kind of a right of pre-emption to secure that agricultural land does not pass into the hands of rank outsiders ? If so collaterals up to what degree should be benefitted by this provision ?

(*b*) Is an agriculturist who has no land in a village and who does not reside in the village concerned, a rank outsider for purposes of exercising the right of pre-emption ?

33. Is it necessary to impose restrictions on the acquisition of land by a big landowner beyond a certain limit ? If so, what restrictions are suggested ?

34. Is it desirable that a landowner holding five thousand acres or more during his life time—including what he may have alienated to the members of his family or otherwise—should be declared a non-agriculturist ?

35. Should all non-agriculturists have perfect liberty to sell to agriculturists and to non-agriculturists regardless of the minimum limit ?

36. Should a distinction be made between a big and a small landowner ? If so, who should be regarded as a small landowner ?

37. Are you in favour of enabling thrifty small landowners to acquire extra agricultural lands from big landowners ? If so, should not big landowners even while disqualified from adding to their areas, be at liberty to sell as they like above the minimum limit fixed if any ? Is there any danger that by the adoption of this measure a few of the big landowners may attempt to avoid the imposition of agricultural income-tax by resorting to sales ?

38. What measures should be adopted to prevent transactions intended to evade the provisions relating to alienations ?

39. Should the Collector be empowered to interfere in cases where the alienee transgresses the fixed time limit with regard to the continuance of possession ?

40. Should the existing provision that legal practitioners are debarred from appearing in cases relating to land alienation continue ?

41. Do you object to any of the provisions in the Sind Rural Credit and Land Transfer Act of 1946 ?

42. Are you aware of the working of Land Mortgage Banks ? If so, is it desirable to treat Land Mortgage Banks as falling within the definition of an " agriculturist ".

Dated 27th April 1949

Alienation of Land Enquiry Committee

A GIST OF THE SIND RURAL CREDIT AND LAND TRANSFER ACT OF 1946.

A landholder is not permitted to alienate his land permanently without the Collector's sanction if the alienation would leave in his possession an area less than 300 acres. The Act protects only the minimum area of 300 acres irrespective of the class to which the alienors or alienees belong.

2. It is not permissible to a landholder to mortgage his minimum area of 300 acres or any part thereof except by way of a usufructuary mortgage or a simple mortgage for a period not exceeding twenty years. On the expiry of this period the land comes back to the mortgagor free of all encumbrance.

3. Leases of land can be made by a landholder up to a maximum period of twenty years. As regards land already under mortgage or lease no further temporary alienation is allowed to a landholder if the total period of mortgage will exceed the full term of twenty years. The Collector is empowered under the Act to eject a lessee or a mortgagee from the land if the latter retains his possession of such land after the expiry of twenty years. The Collector is authorised to act *suo moto* or on the application of the person entitled to possession and to place the latter in possession.

4. A landholder is debarred under the Act from alienating or charging the produce or any part thereof in respect of his minimum area for more than a year. Similarly a cultivator can neither transfer nor charge any of his produce for a period exceeding one year.

5. In spite of the provisions of the Code of Civil Procedure only one half of the produce of a judgment-debtor will be attachable towards the satisfaction of a decree obtained on the basis of loan and not more than two years produce will be liable to sale in the execution proceedings. Section 48 of the Code of Civil Procedure provides the period of twelve years for executing a decree but the period within which such a decree is executable has been restricted to six years under the Act.

6. The provisions of the Act restricting permanent alienations of land are applicable to sales in execution of a decree or order of a Civil or Revenue Court but no land will be sold in execution proceedings if a mortgage or lease for a period of twenty years will suffice for the satisfaction of the decree. These provisions also apply to sales of land made by a Court of Insolvency or a Receiver or a local Commissioner appointed by a Civil Court.

7. Any right based on the strength of a transaction contrary to the provisions of the Act will not be entered in Revenue Records.

8. The jurisdiction of the Civil Court is excluded in all matters which can be dealt with under the Act by the Provincial Government or any Revenue Officer.

9. A copy of a decree or an order passed by a Civil Court in respect of any permanent or temporary alienation has to be forwarded to the Collector who is competent to prefer an appeal if he finds that it contravenes the provisions of the Act.

10. In certain cases permanent alienation is recognised—

(a) when it has been sanctioned by the Collector;

(b) when any gift of land has been made in good faith for a religious purpose or for purposes of education or medical relief.

DEFINITIONS.

I.

1. *Land Alienation Act.* "Land means land which is not occupied as the site of any building in a town or village and is occupied or let for agricultural purposes or for purposes subservient to agriculture or for pasture and includes—

(1) the sites of buildings and other structures on such land,

(2) a share in the profits of an estate or holding,

(3) any dues or any fixed percentage of the land-revenue payable by an inferior landowner to a superior landowner,

(4) a right to receive rent,

(5) any right to water enjoyed by the owner or occupier of land as such; and

(6) any right of occupancy.

2. *Punjab Tenancy Act.* "Land" means land which is not occupied as the site of any building in a town or village and is occupied or has been let for agricultural purposes or for purposes subservient to agriculture or for pasture and includes the sites of buildings and other structures on such land.

II.

An agriculturist has been defined in two different ways. Two definitions are given below. The first definition has been partially superseded. The second definition was used for purposes of admitting people into services.

(1) Agriculturist is "a person holding agricultural land who either in his own name or in the name of his ancestor in the male line was recorded as the owner of land or as an occupancy tenant in any estate at the first regular resettlement, or if the first regular resettlement was made in or since the year 1870 then at the first regular resettlement or at such previous resettlement as the local Government may by order in writing determine".

(2) All hereditary proprietors or tenure-holders of agricultural land mainly dependent thereon and residing in rural areas as well as actual cultivators of such land".

III.

"Landowner does not include a tenant or and assignee of land-revenue, but does include a person to whom a holding has been transferred or an estate or holding has been let in farm, under this act (Punjab Land Revenue Act) for the recovery of an arrear of land-revenue or of a sum recoverable as such an arrear and every other person not herein before in this clause mentioned who is in possession of an estate or any share or portion thereof or in the enjoyment of any part of the profits of an estate".

IV

"Permanent alienation" includes sales, exchanges, gifts, wills and grants of occupancy rights.

"Usufructuary mortgage" means a mortgage by which the mortgagor delivers possession of the mortgaged land to the mortgagee and authorizes him to retain such possession untill payment of the mortgage-money, and to receive the rents and profits of the land and to appropriate them in lieu of interest or in payment of the mortgagemoney or partly in lieu of interest and partly in payment of the mortgage-money;

"Conditional sale" includes any agreement whereby in default of payment of the mortgage-money or interest at a certain time the land will be absolutely transferred to the mortgagee.

V

Note—The word landowner ordinarily applies to persons having rights in property which are in some cases plenary and in others restricted, as in the case of a widow succeeding to her husband's estate on a customary tenure. Thus every "landowner" is not an "owner of land" while every "owner of land" is a "landowner" A mortgagee with possession is a "landowner" though not an owner of land for purposes of partition.

The term " landowner " includes many persons other than tenants or assignees of land-revenue whose interest in land are of a limited character.

VI

Note—The schedule of " agricutural tribes " is now out of date as a result of migration from East Punjab. The schedule does not provide adequate safeguards against members of agricultural tribes who—whether personally agriculturists or not—are money lenders or speculators in land.

In the North-West Frontier Province all Muslims ordinarily residing or holding land in North-West Frontier Province are deemed as members of an " agricultural tribe " and constituting one group for the purposes of the Alienation of Land Act.

As regards non-Muslims the N. W. F. P. Government may determine what bodies of persons, other than Muslims in a district or group of districts are to be deemed agricultural tribes or group of agricultural tribes for the purposes of Alienation of Land Act.

MISCELLANEOUS

For the purpose of services various percentages were fixed in favour of agriculturists ranging between 50 to 66%. In the Co-operative Credit Societies Department the percentage was as high as 80.

In 1927 it was decided that the object of the census regarding Government Servants was to be limited—(a) to different religious communities, and (b) according to whether they were or not members of the tribes notified as "agricultural tribes" under the Punjab Alienation of Land Act.

2. (i) Do you think that any addition should be made to the classes of occupancy tenants or that any class of tenants should, in future, be allowed to acquire occupancy rights by length of tenure or otherwise ?

(ii) Does the creation of occupancy rights lead to greater efficiency in cultivation, or otherwise ?

(iii) Would you advocate the extinction of the existing occupancy rights altogether in favour of the tenants or landlords by payment of compensation to the land owners (including Government) or to the tenants, or otherwise?

3. Do you consider that the tenants-at-will should be given a further security of tenture? If so, what form should it take? Do you consider that they should have any heritable rights in their holdings? If so, what provision would you make in the case of such tenants regarding each of the matters specified in paragraph 1 above? How should succession be governed and would any special provision be necessary to prevent uneconomic fragmentation of holdings? If so, what minimum acreage should be fixed for an economic holding?

4. If you advocate a further security of tenure for the tenants-at-will, would you recommend a provision enabling a landowner or his successor to resume at any time, or retain, for self-cultivation any part of his tenure? If so, what maximum acreage?

5. If you are in favour of giving a greater security of tenure to tenants-at-will than they enjoy at present, how would you ensure that the objects for which Government maintains farms, or gives grants or leases, will be secured?

Are there any such cases, like forest lands, etc., where greater security to tenants-at will should not be given?

6. Are you in favour of statutory provisions prohibiting—

(a) the taking of premia by landlords for admission of a tenant to a holding ;

(b) the payment by tenants to the landlord of cesses or other exactions in addition to the rent?

If so, how would you enforce such provisions?

7. Do the landlords take any "begar" from the tenants? Give instances. How can it be stopped?

8. Do you wish to modify your answers to the questions in this part in their application to the Attock or any other district. If so, in what ways ?

9. Do the tenants have any difficulty with regard to marketing or selling of their produce?

10. Do you know of any evil practices connected with weights and measures? How can these be stopped?

PART II—REFUGEES

11. As regards refugees who were not land owner before they came to West Punjab, what are your views on.

(a) the desirability or otherwise of altering the present system by which the rent taken from such refugee tenants is a multiple of the land revenue?

If you consider this undesirable, what multiple would you fix ? If you consider that the present method should be altered, how would you alter it and when?

(b) the ejectment of such tenants where they hold—

(i) from the Rehabilitation Authorities ;

(ii) from a refugee who was formerly a proprietor in the East Punjab or other prescribed area in India ;

(c) the other matters referred to in Part I above.

(d) what are your recommendations regarding these matters in the case of old tenants who are cultivating evacuee property?

PART III—RENTS

12. What are your views about payment of rent in kind and in cash? Which do you prefer, and do you recommend substitution of one by the other ?

13. (i) In cases in which rents are taken by appraisement or division of the produce, are you in favour of—

(a) the placing of an upper limit to the landlord's share?

(b) a provision to the effect that at the time of such appraisement or division the tenants shall not be obliged to pay anything more than the landlord's share plus the repayment in kind, with or without interest, of any seed advanced at the time of sowing?

(ii) Would you suggest an upper limit in case of cash rents also? How would you do this?

(iii) If your suggestions entail any reduction in the net assets of the landlord, would you rcommend a corresponding relief in the land revenue?

14. Is it within your notice that some landlords insist on their tenants selling their crops through them? If so, please state if this scheme works to the detriment of the tenants or to their benefit. Please give full reasons.

15. What suggestions would you make with regard to seed, purchase of bullocks and advance of loan for other necessary purposes by landlords? Should the charging of interest in these cases be prohibited? If so, please give your reasons.

16. In view of the varying practices prevailing in the province regarding payment of land revenue and water rate by the landowners and the tenants, do you suggest any adjustments? If so, in what direction?

PART IV—IMPROVEMENTS BY LANDLORDS AND TENANTS

17. Do you suggest any amendment in the definition of the term "improvement" as defined in section 4(19) of the Punjab Tenancy Act, 1887, as follows :—

"Improvement" means, with reference to a tenancy any work which is suitable to the tenancy and cosistent, with the conditions on which it is held, by which the value of the tenancy has been and continues to be increased, and which, if not executed on the tenancy, is either executed directly for its benefit, or is, after execution, made directly beneficial to it:

Explanation I—It includes among other things,—

(a) the construction of wells and other works for the storage or supply of water for agricultural purposes;

(b) the construction of works for drainage and for protection against floods;

(c) the planting of trees, the reclaiming, enclosing levelling and terracing of land for agricultural purposes and other works of a like nature;

(d) the erection of buildings required for the more convenient or profitable cultivation of a tenancy ; and

(e) the renewel or reconstruction of any of the foregoing works, or such alterations therein, or additions thereto, as are not of the nature of mere repairs and as durably increase their value ;—

"But it does not include such clearances, embankments, levellings, enclosures, temporary wells and water channels as are made by tenants in the ordinary course of cultivation and without any special expenditure, or any other benefit accruing to land from the ordinary operations of husbandry;

Explanation II—A work which benefits several tenancies, may be deemed to be, with repect to each of them, an improvement;

Explanation III—A work executed by a tenant is not an improvement if it substantially diminishes the value of any other part of his landlord's property."

18. In the case of occupancy tenants and tenants-at-will and landowners, would you recommend any changes in the Act regarding their respective rights to effect an improvement? What effect should such an improvement have on the rent payable to the landowner?

19. What is your view regarding the suggestion that in the case of tenants other than occupancy tenants, the landowners' rights may be purchased on payment of price and the tenants made full proprietors? Would you recommend the same action in the case of persons who are tenants under the Government? How should this price be determined and paid?

PART V—FRAGMENTATION OF HOLDINGS

20. What effect has fragmentation of holdings on the income of tenants? Please suggest your remedies.

21. Do you recommend that Government should proceed compulsorily to consolidate holdings if 51 per cent of the owners agree to such a course instead of the existing provisions of subsection (2) of section 3 of the Punjab Consolidation of Holdings Act, 1936, whereby not less than two-thirds of the landowners in an estate or a sub-division of an estate holding not less than three-fourths of the cultivated area in the estate or the sub-division of the estate ought to agree to consolidation being carried out?

22. Would not the conferment of heritable or occupancy rights to tenants aggravate fragmentation?

Would you suggest consolidation of holdings or co-operative farming as possible remedies for fragmentation of holdings, or any other remedy?

PART VI—LITIGATION

23. Is there much litigation between the landlords and tenants (occupancy and at-will)? If so, how can it be reduced?

ELECTIONS

The 23rd July 1949

No. 480-Elec.—The Interim Report of the West Punjab ections Inquiry Committee, appointed by the Governor West Punjab,—*vide* notification No. 86-Elec., dated the h February 1949, is hereby published for general informa- n :—

E INTERIM REPORT OF THE WEST PUNJAB ELECTIONS INQUIRY COMMITTEE

1. On the dissolution of the West Punjab Legislative sembly in January last, His Excellency the Governor of province was pleased to appoint a Committee consisting the undersigned to examine the question whether the sting provisions of law regarding voters' qualifications uld operate unfairly against the refugees, and, if so, to ke recommendations to remove the unfairness. The mmittee was also required to make such recommendations arding the allocation of seats and delimitation of consti- ncies and other matters incidental thereto, as may seem visable in view of the great reduction in the number of ndus and Sikhs, and great increase in the number of slims in the province. The exact terms of reference and estionnaire based thereon, issued by the Committee to cit public opinion on the subject, will be found in Appendix An objection was raised in certain quarters that the estionnaire went beyond the terms of reference. The mmittee does not subscribe to this view, because it is derstood that any change in the voters' qualifications st affect not only the refugees, but the entire population the province. For this reason the Committee considered necessary to make the questionnaire as comprehensive as ssible.

2. The questionnaire was given the widest possible blicity. Copies of it were sent to all prominent persons, th official and non-official, including all members of Central gislature, ex-Members of the Provincial Legislative Assem- y, and secretaries of local boards and public organisations. e Press of the province co-operated with the Committee publishing it *in extenso* and also by commenting upon it. is, however, necessary in this connection to remark that hereas in the beginning almost the entire Press advocated troduction of the system of adult suffrage, some papers er changed their opinion and actually opposed it due obably to a desire on the part of a section of the public have the general elections at once.

3. Since its appointment the Committee has held seven etings, the first of which was devoted to a general dis- sion of the subject and approving of the questionnaire. subsequent meetings the replies received were considered. is report embodies the Committee's recommendations ting to the question of franchise, that is to say, matters ered by the First Term of Reference. The reason for mitting this interim report is that the Committee feels t until the question of franchise is settled, it is difficult to ke any final recommendations in regard to matters covered the Second Term of Reference. It also feels that before makes any recommendation regarding the Second Term Reference the Government should have time to consider matter in all its aspects, and, if necessary to apprise the mittee of its point of view. However, the Committee ying to co[illegible] material which will enable it to come to cision abo[illegible] matters covered by the Second Term of erence also, and will be able to submit its report as soon ossible.

4. Of the replies received up to date about 75 per cent ur introduction of adult franchise. In this category included replies received from official as well as non- ial sources. An analysis of the replies received is given tabular form in Appendix B. Before discussing the bility of the introduction of the system of adult chise, it is necessary to examine the existing provisions aw relating to voters' qualifications and see whether operate unfairly against the refugees. These provisions contained in Part VI of the Sixth Schedule to the Cons- tion Act, and, besides general requirements as to ence, are as under:—

(1) Qualifications dependent on taxation;
(2) Qualifications dependent on property , etc.;
(3) Educational qualifications;
(4) Qualifications by reason of service in the Armed Forces;
(5) Additional qualifications for women, and
(6) Special qualifications for scheduled castes. General requirements as to residence control all other quali- fications in the sense that in order to entitle a per- son to right of vote it is essential that he should be a resident in the constituency concerned within the meaning of the Act,—*vide* paragraph 1 of Part VI of the 6th Schedule). Very few refugees, if any, can be expected to satisfy this requirement un- less the provision relating to it is so amended as to dispense with the necessity of possessing a dwelling- house in the constituency to estabilsh residence.

5. As regards other qualifications also it is submitted that from the very nature of things, a large majority of re- fugees cannot be held to have yet acquired qualifications dependent on taxation and property, etc. The only qualifi- cations which they possessed in East Punjab and can claim still to possess are those dependent on service in the Armed Forces and educational qualifications. But the number of refugees possessing these qualifications will be very small, in fact, quite negligible. To all intents and purposes, there- fore, possession of these latter qualifications by some of the refugees does not solve the difficulty. The Committee has also considered the possibility of helping the refugees in this respect by lowering qualifications dependent on taxation and property, etc., in their case. Unfortunately, however, this is not expected to help them either, for the reason that a large majority of them have not yet acquired any property at all in this province. Nor have they yet been assessed to any of the taxes which can entitle them to right of vote. In view of the above, the Committee is definitely of the opinion that the existing provisions of law relating to right of vote do operate unfairly against the refugees.

6. The question as to how this unfairness can be removed bristles with difficulties. The Committee has considered various suggestions that have been made to it in this connection. One of these sugestions is that seats allotted to Hindus and Sikhs in the Constitution Act may be allotted to the refugees for the next general elections. Apart from the fact that this suggestion, if accepted, will necessi- tate an amendment of serious political implications in the Act, it will not solve the problem inasmuch as the question as to what should be the basis of franchse in the case of refu- gees will still remain to be settled. Besides, it will also amount to officially recognising the refugees as a class quite distinct and apart from the rest of the Muslim population of the province. Recognition of such a distinction even for one election will, in the opinion of the Committee, lead to serious complications in future. The Committee is, therefore, unanimously of the view that in no circumstances should such a distinction be recognised or encouraged.

7. Another suggestion which seems to be the result of some misunderstanding on the subject is that the next general elections may be held at once on the basis of latest voters' lists for the united Punjab, and that the refugees, whose names appear in the lists for various constituencies in East Punjab may be given right of vote in West Punjab. This suggestion is at its best only plausible. It overlooks the fact that rehabilitation of refugees from various districts of East Punjab has not been carried out district-wise in West Punjab, with the result that refugees formerly resident in a district of East Punjab are scattered over almost all the districts of West Punjab. To give such of them right of vote here as possessed it in East Punjab will be of no prac- tical advantage to them, and therefore, will not remove the unfairness which operates against them. Further it must also be borne in mind that a very large number of refugees who have come to West Punjab, originally belonged to East Punjab States, Alwar, Bharatpur, Delhi and other parts of the Indian Dominion. If effect is given to this suggestion, all these refugees whose number aggregates to well over a million (*vide* Appendix C) will have no right of vote. Another difficulty which is likely to crop up in giving effect to this suggestion is that it will not be an easy task to trace and identify persons who possessed right of vote in East Punjab and have now migrated to West Punjab. The Committee has it on the authority of one of its members (Mir Ghulam Bhik Nairang) that some of these refugees have changed their castes in order to become entitled to certain advantages. No other suggestion worth serious notice has been put for- ward by any individual or oganisation.

8. After carefully considering all aspects of the ques- tion the Committee is forced to the conclusion that the intro-

duction of the system of adult franchise is the only way in which the unfairness, which operates against the refugees, can to some extent be removed. It will give them an effective voice in the election of Members to the Provincial Legislative Assembly. But it will be a mistake to suppose that introduction of adult franchise alone will also give them the opportunity of returning Members from among themselves. To achieve this object, fresh delimitation of constituencies, and making some of them multi-member constituencies, with or without reservation of seats for refugees, will be necessary, although voting at the elections should be joint.

9. The Committee is conscious of the fact that introduction of the system of adult franchise is a serious matter which concerns the whole of Pakistan, and, as such, should be decided by the Constituent Assembly. But as stated above, the Committee cannot see any other way whereby the unfairness, which operates against the refugees under the existing provisions of law, can be removed. For this reason it has no alternative but to recommend that the next general elections be held on the basis of adult franchise. It would not be out of place to state here that in coming to this decision the Committee has been not a little influenced by the official opinion of the Provincial Muslim League *ds* expressed in their Working Committee's resolution and also in their replies to the questionnaire.

10. Acceptance of the proposal to hold the next general elections on the basis of adult franchise will give rise to the following further questions, the consideration of which is necessary, although in the opinion of the Committee, these are matters of detail and can be fully worked out later:—

(a) Whether the right of vote should be given to both men and women or to men alone?

(b) what should be the age of maturity for purposes of right of vote?

(c) Whether voting should be direct or indirect through some sort of electoral colleges?

The Committee has considered these questions in the light of the opinions received from various sources, and is of the view that it would be neither just nor proper to treat men and women differently in the matter of right of vote and fixation of the age of maturity for the purpose. Therefore, it recommends that the principle of adult suffrage may be applied both to men and women and that the age of maturity in both cases should be identical. As to what should be treated as age of maturity, the opinions expressed suggest ages varying from 15 to 30 years. The Committee would have recommended 25 years as the age of maturity, but this will have the effect of disenfranchising a large number of persons who have been exercising the right of vote in the past. Therefore, it recommends that the right of vote may be given to all men and women who have completed 21 years of age.

As regards the question whether voting should be direct or indirect through some sort of electoral colleges, the Committee recommends the latter course. But, as stated above, these are matters of detail and can be dealt with fully later.

APPENDIX A

INTRODUCTION

Under the direction of His Excellency the Governor-General of Pakistan, His Excellency the Governor of West Punjab took over the administration of the Province under Section 92-A of the Constitution Act on the 25th of January 1949, and also dissolved the West Punjab Legislative Assembly. Shortly thereafter His Excellency the Governor announced the setting up of a Committee consisting of the undersigned to examine the question of revision, if necessary, of franchise qualifications and constituencies with a view to holding fresh elections to the Provincial Legislature as soon as possible in the changed circumstances. The terms of reference of this Committee are as follows:—

"*First*—To examine the question whether the existin[g] provisions of law regarding voters' qualifications contain[ed] in the Sixth Schedule to the Constitution Act would opera[te] unfairly against the refugees, and, if so, to make recom[-] mendations to remove the unfairness.

Second—To make such recommendations regarding th[e] allocation of seats and other matters provided for in th[e] Fifth Schedule to that Act and the delimitation of constitue[n-] cies and matters incidental thereto as may seem advisabl[e] in view of the great reduction in the number of Hindus an[d] Sikhs and the increase in the number of Muslims in the Pr[o-] vince".

In this important and rather complicated task th[e] Committee would be glad to have the benefit of the view[s] of all persons who in their individual capacity or as repr[e-] sentatives of various political and other organisations fe[el] interested in the matter. Accordingly the Committee ha[s] drawn up a Questionnarie dealing with matters relating to Franchise and Constituencies, and also other matters in[-] cidental thereto. The Committee would be grateful if person[s] who wish to apprise it of their views would do so in the for[m] of answers to specific questions and not in the form of re[-] presentations embodying a general discussion of the matte[rs] referred to in the terms of reference. This course will, it i[s] hoped, help the Committee in the expeditious disposal [of] work.

QUESTIONNAIRE

FRANCHISE

1. The existing provisions relating to franchise in th[e] case of territorial and special constituencies of the We[st] Punjab Legislative Assembly are given in part VI of th[e] Sixth Schedule to the Government of India Act, 1935, an[d] part VI of the Government of India (Provincial Legislativ[e] Assemblies) Order, 1936, respectively. Do you wish the[se] provisions to continue in force for the next general electi[ons] or to be altered? In case you favour any alterations, plea[se] indicate the lines on which such alterations should be made.

2. According to electoral rolls prepared in 1946-[4] for the undivided Punjab the number of Muslim vote[rs] stood at about 12 per cent of their population. Do you wi[sh] this percentage to be maintained or increased or decreased?

3. The present franchise qualifications are based [on] taxation, property, education, service in Armed For[ces] and in the case of some women on the status of their husban[ds]. Do you want this basis to be maintained or altered? [If] you favour any alteration please indicate the lines on wh[ich] such alterations should be made.

4. Do you think it would be possible to secure adequ[ate] representation of refugees in the Legislative Assembly [of] West Punjab if the basis referred to in question 3 above i[s] maintained? In case you are of the opinion that it woul[d] not be possible to secure for the refugees representatio[n] commensurate with their numbers on this basis, what oth[er] basis do you suggest for achieving the object?

5. Do you think it would be proper to prescribe differe[nt] and concessional franchise qualifications for the refuge[es] for the next general elections? In case you favour this id[ea] what franchise qualifications will in your opinion sec[ure] for the refugees their due share of rep[res]entation in t[he] Provincial Legislative Assembly?

6. Demand for adult franchise has been voiced fr[om] many quarters. Do you support it?

7. In case you support the demand for adult franchi[se] do you think it will secure for the refugees at the next gener[al] elections their due share of representation in the Assemb[ly] without any provision for additional safeguards? In ca[se] you think some additional safeguards would still be necessar[y] would you please give the Committee some idea of wh[at] these additional safeguards should be?

8. In view of the general conditions prevailing in th[e] province, do you think introduction of adult franchise is [a] feasible proposition from the point of view of (a) practicabili[ty] of registration of voters and (b) managability of polling [of] votes within a reasonable time?

9. If introduction of adult franchise is agreed upo[n] how should the expression "adult" be defined, i.e., wh[at] should be fixed as the age of maturity for the purpose of gra[nt] of right of vote?

10. Should the principle of adult franchise apply to both men and women alike and should the age of maturity in two cases be identical or different?

11. Do you consider representation of special interests through special constituencies necessary and, if so, will you suggest the retention of their existing franchise qualifications, or favour alterations therein? In the latter case what qualifications would you suggest for voters of Commerce and Industry, Labour, Landholders and University constituencies?

12. In certain cases it is necessary for persons concerned to put in an application for having themselves registered as voters. Do you want this practice to continue?

Scheduled Castes

13. In the existing law special franchise qualifications are prescribed for members of Scheduled Castes. Do you favour the retention of these qualifications or will like them to be altered?

CONSTITUENCIES

14. The Fifth Schedule to the Government of India Act, 1935, as adapted and modified by the Pakistan (Provincial Legislatures) Order, 1947, the Pakistan (Provisional) Constitution Order, 1947, and the Pakistan Provisional Constitution and Provincial Legislatures (Amendment) Orders, 1948, lay down the composition of the provincial legislatures in Pakistan. The table of seats appended to the above gives number of seats for each community for the Provincial Legislative Assemblies of Pakistan. Do you think any alteration in the composition of the West Punjab Legislative Assembly is necessary for the coming general elections in view of—

(a) the departure of a large number of Hindus and Sikhs from the province, and

(b) the arrival in the province of a larger number of Muslims from the Indian Dominion more particularly from East Punjab and the Punjab States?

15. In case you favour any alteration in the composition of the West Punjab Legislative Assembly, please indicate the lines on which it should be made?

16. The present total strength of the West Punjab Legislative Assembly is 97 as follows:—

General seats (including two seats reserved for members of Scheduled Castes).	11
Sikh seats	11
Muslim seats	61
Anglo-Indian seat	1
Indian Christians	2
Com[illegible]e and Industry	1
Landholders (including 1 seat for Tumandars).	4
University	1
Labour seats	2
Seats for women (1 General and 2 for Muslims).	3

Do you want this strength to be maintained or increased or decreased?

NOTE—Sitting Muslim members of the former Punjab Legislative Assembly representing constituencies in East Punjab and numbering 24 were also declared as members of the West Punjab Legislative Assembly by a special order of the Governor-General of Pakistan.

17. Do you think it is essential that the large number of refugees who have migrated to West Punjab from various parts of the Indian Dominion should be given representation in the West Punjab Legislative Assembly proportionate to their numbers? What form should this representation take for the next general elections, i.e., should it be secured through separate electorates or joint electorates with or without reservation of seats for refugees, or by conversion of some of the existing single-seat Muslim constituencies into plural-seats constituencies and reserving one seart for a refugee candidate?

18. What unit of population should be allotted a seat and should the unit so fixed be strictly adhered to or relaxed in the case of small minorities?

19. Constituencies of West Punjab Legislative Assembly are classified as—

Urban;
Rural;
Territorial;
Non-territotial; and
Special.

Do you want this classification to be maintained or done away with for the coming general elections?

20. In case you favour elimination of all or any of the Special Constituencies, what other method do you suggest for the representation of special interests if you think such special interests do need separate representation?

NOTE—The following constituencies are described as Special Constituencies under the existing law :—

Commerce and Industry.
Labour.
Landholders (including Tumandars).
University.

21. Under the existing arrangements women have a number of separate constituencies allotted to them but they can offer themselves for election from other constituencies also. Do you think this arrangement should be continued in the next general elections or in any manner altered?

22. In case you favour alteration in the arrangement referred to in question No. 21 above, on what lines and basis should such alteration be made?

23. Under the existing law registered graduates of specific standing are entitled to a vote in the election of a member from the University constituency. Would you like this arrangement to be continued in the next general elections? In case you want any change please indicate the lines on which it should be made.

Scheduled Castes

24. Is it necessary to continue separate constituency or constituencies for members of Scheduled Castes, and, if so, are primary elections necessary in their case in the changed circumstances?

N.B.—Replies should be sent so as to reach the Secretary, Elections Inquiry Committee, Assembly Chamber, Lahore, not later than the 25th March 1949.

It is requested that six copies of each reply may please be supplied.

Copies of the Questionnaire can be obtained from the Secretary of the Committee.

NOTIFICATION

The 29th June 1949

No. 817-ST.—In exercise of the powers conferred by section 75 of the Indian Stamp Act, 1899, the Governor of West Punjab is pleased to make the following rules for the inspection of registers, books, records, papers, documents and proceedings as contemplated by section 73 of the said Act:—

THE WEST PUNJAB STAMP INSPECTION AND AUDIT RULES, 1949.

Short title and commencement

1. (1) These rules may be called the West Punjab Stamp Inspection and Audit Rules, 1949.

(2) These rules shall come into force with immediate effect.

Definitions

2. In these rules, the references to "the Indian Stamp Act, 1899" and "the Court-fees Act, 1870" wherever occurring mean references to the Acts as adapted for the Dominion of Pakistan.

Appointment of Stamp Auditors

3. There shall be appointed a Stamp Auditor for each circle with the jurisdiction and the headquarters as described in Appendix I hereto for the purpose of audit of documents requiring stamp duty which are presented to a public officer or a court of law other than a High Court, and the accounts mentioned in Appendix II hereto.

Controlling Authority

4. The Financial Commissioner as the Chief Controlling Authority may alter the territorial limits of a circle or the headquarters of an Auditor.

5. The Auditor shall be under the *general supervision* of the Commissioner of the division in which his circle is situated for the time being and shall in terms of section 73 of the Indian Stamp Act, 1899, be authorised by the Collector of the district concerned in writing in form S. A. 7, given in Appendix III to inspect the records for audit.

Tour programme of the Auditor

6. (*a*) The Auditor shall undertake the audit of various districts under his charge by rotation, in accordance with the circle tour programme given in Appendix IV.

(*b*) The Auditor shall prepare a monthly programme and submit it for approval to the Assistant Secretary to the Financial Commissioners so as to reach him at least two weeks before the expiry of his previous tour programme, and after obtaining the approval of his forthcoming visit give due notice to the Collector of the district concerned and the Commissioner of the division.

(*c*) A copy of the approved tour programme should simultaneously be sent to the Motor Mobile Patrol Inspector, concerned.

(*d*) The Stamp Auditor should observe the approved tour programme strictly and make no departure therefrom without obtaining previous permission from the Assistant Secretary to the Financial Commissioners. All references in this matter should be made through the Collector of the district in which he is operating.

(*e*) In preparing his tour programme the Auditor should bear in mind that any tendency to make long journeys in one direction will not be allowed except for special reasons.

(*f*) The Auditor shall spend the least possible time on travelling and the maximum time on actual audit work. He shall visit each district in his charge once a quarter. Normally it should be possible for him to finish the audit work at a district headquarters in about a fortnight and of Sub-Divisional and Tahsil Offices in four or five days. These periods will of course vary according to the quantity of work at each place.

(*g*) On his visit to the district the Stamp Auditor should complete the audit in every office to the satisfaction of the officer-in-charge, thereof the Collector, as the case may be, and on no account should any court or office be left unaudited except for very special reasons which should be reported to the officer concerned and to the Assistant Secretary to the Financial Commissioners.

(*h*) The Collectors, presiding officers of courts and other officers-in charge of the documents, records or accounts to be audited should have the relevant records arranged before audit of their courts and offices. Such an arrangement is necessary for carrying out the audit smoothly without loss of the Auditor's time.

Scope of audit

7. (*a*) The Auditor shall, on visiting a district, audit the records of all fresh institutions made, documents filed and files pending in the offices, etc., mentioned in Appendix II hereto from the date on which the last audit terminated. He shall, in particular, see that the stamps used are genuine and have not been removed from any document or files and re-used.

Occasional trips by Stamp Auditors in Mobile Patrol lorries

(*b*) The Stamp Auditor should make occasional trips in Motor Mobile Patrol lorries in company with the Motor Mobile Patrol Inspector to gain practical knowledge of work regarding audit and inspection of motor vehicles licensing and registration work. The trips should, however, be confined only to journeys which the Auditor would otherwise have to make by rail. The Commissioner of the division should impress upon him the necessity of making these trips as frequently as possible, as such trips are desirable both in the interest of the Auditor's own duties and economy. The Stamp Auditor should submit his reports regarding such trips to the Assistant Secretary to the Financial Commissioners in the same way as the other audit and inspection notes, and include them in his monthly report.

Maintenance of register of stamp deficiencies

8. Every person described in section 33 of the Indian Stamp Act, and every public officer referred to in section 6 of the Court-fees Act shall maintain a record of stamp deficiencies in Civil Register XVIII (Appendix V). The Collector shall in addition to the said register maintained by him in respect of his own court, maintain in form S. A. 5 (Appendix VI) a register of documents sent to him under section 38 (2) of the Indian Stamp Act. These registers shall be maintained in respect of all deficiencies whether found in audit or independently.

Note—The presiding officers of courts and heads of offices shall be responsible to see that these registers are properly maintained by their staff and any neglect in maintaining these registers will be taken serious notice of.

Checking of registers by the Auditor

9. The Auditor shall examine Civil Register No. XVIII maintained by the court or office with a view to seeing that it is properly maintained and that collections are made not only on account of deficiencies detected in audit but also on account of deficiencies detected independently. He shall also examine the register maintained by the Collector in Form S. A 5.

Deficiencies in stamps to be notified to the Collector

10. Once a case has been decided and consigned to the record-room, deficiency in court-fees are not recoverable under the existing law. The officers concerned should, therefore, see that plaints, petitions, etc., are properly stamped. Personal responsibility should be enforced against the ministerial staff and the presiding officers for deficiencies in court-fees as may be brought to light in the general record-rooms. Deficiences in stamp duty may be brought to the notice of the Collector of the district with a view to action being taken under section 61 of the Indian Stamp Act, 1899.

Help to be rendered to the Auditor by the courts and offices.

11. The presiding officers of all courts and heads of offices shall give the Auditor access to all records, accounts, etc., and, so far as lies in their power, assist him in the performance of his duties.

Auditor to draw attention of officers as to their powers and duty regarding insufficiently stamped documents

12. In the course of his audit the Auditor shall draw the attention of presiding officers of courts and heads of offices to documents before them which are insufficiently stamped, and shall advise them where necessary in relation to their powers and obligations as follows :—

(*i*) Under the Indian Stamp Act, 1899:—

(*a*) To impound documents under section 33 of the Stamp Act.

(*b*) To admit unstamped documents in evidence after compliance with the provisions of section 35.

(*c*) To dispose of impounded documents under section 38. The Collector may also ask the Auditor to note on cases coming before him under sections 39 to 43 and also seek any other assistance which he may consider necessary.

(*ii*) Under the Court-fees Act, 1870:—

To determine correct fee leviable on any document. The Auditor if necessary will discuss the point at issue with the presiding officer and, if required by him, be present at the discussion in court before orders are passed.

Maintenance of register S. A. 1

13. (1) A register in form S.A. 1 (Appendix VII) for each district will be maintained in the Stamp Branch of the Financial Commissioners' office in which each deficiency in stamp duty and court-fees discovered by the Auditor will be recorded. The recoveries will, however, be made by courts and Collectors at the instance of the Auditor.

(2) Reminders to courts and Collectors for submission of recovery statements will issue at regular intervals from the Stamp Branch of the Financial Commissioners' office.

Officer to whom copy of the audit note is to be sent

14. (1) After discussion of his preliminary notes with the presiding officer or head of office, the Auditor shall prepare a manuscript audit note and shall, within four days from the date of completion of audit, send it to the Superintendent, Stamp Branch in the office of the Financial Commissioners. The Superintendent will get it typed and forward to the presiding officer or the head of the office, as the case may be, and to the Collector of the district concerned. This note will include a statement in form S. A. 3 of deficiencies discovered, and columns 1 and 6 to 15 of the statement will be left blank. The Stamp Auditor should write his manuscript audit note in clear, bold and legible hand and also avoid using unapproved abbreviations.

(2) Copies of audit notes on revenue courts and offices, including Sub-Registrars, should also be sent to the Commissioner of the division. In the case of civil courts where the audit discloses some serious defects, a copy of the audit note should be sent to the District Judge through the Collector of the district.

(3) The Stamp Auditor should not record commendatory remarks about the presiding officers of courts and heads of offices or their subordinates if they find anything requiring special notice which is of a personal nature. They should, however, see the Collector of the district and inform him personally.

Action to be taken on audit note—form S. A. 3

15. (1) The presiding officer of the court or the head of the office shall transfer columns 2 to 5 of form S. A. 3 (Appendix IX) to Civil Register No. XVIII (Appendix V) and proceed to take necessary action on the note. In cases where he does not agree with the Auditor or where he considers it necessary to hear the party concerned before passing orders, he shall, where possible, discuss the matter with the Auditor. The presiding officer or head of the office will return the form S. A. 3 to the Auditor after completing columns 1 and 6 to 8, and noting in column 15, the cases, if any, in which he disagrees with the Auditor but without necessarily completing columns 9—14. The Auditor after completing his Register S. A. 1 will return the form to the court or the office concerned and report to the Collector any case in which the presiding officer or head of the office has been unable to take the advice of the Auditor. The Collector if he thinks fit and after consulting the Financial Commissioner, if necessary, will take action under section 61 of the Indian Stamp Act, 1899, or, in the case of the Court-fees Act, 1870, draw the attention of the appellate court, or take other appropriate action in the case of other offices.

(2) The Collector should impress upon all the subordinate revenue courts, Sub-Registrars and Magistrates, in his district, and the District Judge upon all the civil courts, under his control, the necessity of punctual submission of recovery statements in form S. A. 3.

Posting of recoveries in proper register and writing off irrecoverable items

16. (1) All courts and offices shall, in addition to the account of recoveries effected by them in Civil Register No. XVIII, show recoveries effected at the instance of the Stamp Auditor in columns 10 and 11 of the said Register and also in form S. A. 3. They shall also send to the Auditor at the end of each month, their copies of form S. A. 3, so that he may complete his returns of recoveries made at his instance from time to time and of irrecoverable items written off, after which he will return the form to the court or office concerned. If the court or office has sent a document to the Collector under section 38 of the Indian Stamp Act, 1899, it will have no concern with columns 9 to 12.

(2) The following officers have been empowered to sanction the writing off of the irrecoverable loss of stamp revenue to the extent noted against each:—

(1) Deputy Commissioner ..	Up to a limit of Rs. 5 in each individual case.
(2) Commissioner ..	Up to a limit of Rs. 50 in each individual case.

Provided the loss does not disclose—

(*i*) a defect of system the amendment of which requires the orders of higher authority; or

(*ii*) serious negligence on the part of some Government servant or servants which might possibly call for disciplinary action requiring the orders of higher authority.

(3) During the course of his audit, the Stamp Auditor should collect as many statements in form S. A. 3 as possible and where the recoveries are still pending, impress upon the officers concerned to have them expedited. The extent of recoveries made out of the total deficiencies pointed out and the penalty suggested by him should invariably be mentioned by the Stamp Auditor in his audit and inspection notes.

(4) The presiding officers of courts and offices shall take a personal interest in the regular submission of recovery statements pertaining to their courts and offices each month.

Action to be taken by the auditor re pauper suits—Register S.A. 8

Collector or Commissioner to forward application.

9. The Collector or the Commissioner shall thereupon forward the application to the Provincial Government with the minimum of delay ;—

(i) Provided that in a case falling under sub-rule (2) of rule 8, he shall first make such enquiry as he may deem necessary, to satisfy himself that the person presenting the application is duly entitled to act for the person interested. If he shall be so satisfied, he shall attach his certificate to that effect to the application. If he shall not be so satisfied, he shall appoint, in place of the person presenting the application, by writing duly signed, a guardian for the person interested. Such guardian shall alone have authority to prosecute the application further:

(ii) Provided further that, so far as may be practicable, a guardian so appointed shall be selected from among the legal guardians, or trustees, or near kindred of the person interested, and that his interest shall in no way conflict with that of the person interested, in the subject matter.

Verification of application and Collector's or Commissioner's statement.

14. In the latter case, the Collector or the Commissioner shall appoint a guardian for the person interested, by writing under his hand, in accordance with the provisions of the proviso (ii) to Rule 9. In either case, he shall instruct the persons so authorised or appointed to appear before the arbitrator and shall fix a date for such appearance, and shall, at the same time, report to the arbitrator the name of such person and the date aforesaid.

Replacement of arbitrator.

19. (1) When during the pendency of any proceedings the arbitrator dies, or is removed or for any other reason, becomes incapable of acting, the Provincial Government shall appoint another duly qualified person to be arbitrator in the case.

(3) An application for restoration under the last preceding sub-rule shall be made not later than seven days after the date on which appearance should have been made in the ordinary way.

27. Any failure on the part of any person to comply with the provisions of these rules shall not render the proceeding or anything done in pursuance thereof invalid, unless the Provincial Government so directs.

28. Where the amount of compensation to be paid in respect of property requisitioned or acquired temporarily is assessed by the Collector or the Commissioner for fixed periods subject to re-assessment at the close of each such period, the provisions of these rules shall have effect on each occasion on which compensation is assessed in the same manner as such provisions have effect where compensation is assessed for the entire period of requisition or acquisition.
